Leveled Books (K-8) - Irene C. Fountas 2006
Discusses the use of leveled texts in kindergarten through eighth-grade classrooms, examines the "text base" needed for effective language literacy instruction, provides guidelines for creating a high-quality leveled book collection and matching books to readers, and explains how to analyze and level books.

Ants Among Elephants - Sujatha Gidla
2017-07-18

A Wall Street Journal Top 10 Nonfiction Book of 2017 A Publishers Weekly Best Book of 2017 A Shelf Awareness Best Book of 2017 "Ants Among Elephants is an arresting, affecting and ultimately enlightening memoir. It is quite possibly the most striking work of non-fiction set in India since *Behind the Beautiful Forevers* by Katherine Boo, and heralds the arrival of a formidable new writer." —The Economist The stunning true story of an untouchable family who become teachers, and one, a poet and revolutionary Like one in six people in India, Sujatha Gidla was born an untouchable. While most untouchables are illiterate, her family was educated by Canadian missionaries in the 1930s, making it possible for Gidla to attend elite schools and move to America at the age of twenty-six. It was only then that she saw how extraordinary—and yet how typical—her family history truly was. Her mother, Manjula, and uncles Satyam and Carey were born in the last days of British colonial rule. They grew up in a world marked by poverty and injustice, but also full of possibility. In the slums where they lived, everyone had a political side, and rallies,

agitations, and arrests were commonplace. The Independence movement promised freedom. Yet for untouchables and other poor and working people, little changed. Satyam, the eldest, switched allegiance to the Communist Party. Gidla recounts his incredible transformation from student and labor organizer to famous poet and founder of a left-wing guerrilla movement. And Gidla charts her mother's battles with caste and women's oppression. Page by page, Gidla takes us into a complicated, close-knit family as they desperately strive for a decent life and a more just society. A moving portrait of love, hardship, and struggle, *Ants Among Elephants* is also that rare thing: a personal history of modern India told from the bottom up.

The Great Elephant - Nik Ranieri 2014-04-01
Follow the adventures of Quinn, the mouse, who sets out to find his own spot in the great forest. A large rainstorm creates a rushing torrent of water that sweeps him away leaving him lost and alone. Remembering advice from his dad, he tries to seek out the Great Elephant for help. Along the way he meets other forest animals who claim to know about the Great Elephant and, out of desperation; he follows some of their advice only to find he's been led down the wrong path. In his greatest moment of need, will the Great Elephant hear his cry for help? In the time-honored and classic style of fables that teach truth, the allegory of *The Great Elephant* arrives to be added to the treasury of storybooks for teaching children and enriching adults. And the truth beautifully and cleverly rising out of the story is the greatest of all truths - finding the

way to God.

Desecrators of the Sacred Trust - Bereket H. Selassie 2020-09-21

Two different leaders, with more contrasting characteristics. Comparing the two leaders from two countries with striking contrast in size, history and government structure may seem strange. America is a democratic republic with a constitution two hundred and thirty years old; Eritrea is a dictatorship ruled by an unelected former guerrilla leader who suppressed a ratified constitution and rules by decree. However, both leaders are dedicated to the destruction of, or at the very least, the demeaning of the primary values of the democratic epoch, namely, democracy and rule of law.

Resolved 13 Resolutions for Life - Orrin Woodward 2011-01-01

Book Description: Orrin Woodward's first solo project is a book that takes us back in time to recapture the essence of what made America great while at the same time beckons men and women to step up and recapture those principles and begin living them today. It is at once a book of resolutions to assist a person in forging himself a true leader, a textbook of instructions to serve as a guide in tackling life's toughest challenges, and lastly, fully inspirational in capturing the heart and soul of leaders who have lived and achieved using the principles in this book. RESOLVED: 13 Resolutions for Life, is a must read for anyone desiring to capture, in one book, the essence of the proven leadership principles of Orrin Woodward.

The Greatest Salesman in the World - Og Mandino 2011-01-05

The runaway bestseller with more than four million copies in print! You too can change your life with the priceless wisdom of ten ancient scrolls handed down for thousands of years. "Every sales manager should read *The Greatest Salesman in the World*. It is a book to keep at the bedside, or on the living room table—a book to dip into as needed, to browse in now and then, to enjoy in small stimulating portions. It is a book for the hours and for the years, a book to turn to over and over again, as to a friend, a book of moral, spiritual and ethical guidance, an unfailing source of comfort and inspiration."—Lester J. Bradshaw, Jr., Former

Dean, Dale Carnegie Institute of Effective Speaking & Human Relations "I have read almost every book that has ever been written on salesmanship, but I think Og Mandino has captured all of them in *The Greatest Salesman in the World*. No one who follows these principles will ever fail as a salesman, and no one will ever be truly great without them; but, the author has done more than present the principles—he has woven them into the fabric of one of the most fascinating stories I have ever read."—Paul J. Meyer, President of Success Motivation Institute, Inc. "I was overwhelmed by *The Greatest Salesman in the World*. It is, without doubt, the greatest and the most touching story I have ever read. It is so good that there are two musts that I would attach to it: First, you must not lay it down until you have finished it; and secondly, every individual who sells anything, and that includes us all, must read it."—Robert B. Hensley, President, Life Insurance Co. of Kentucky

Don't Walk Home Alone - Beverly Hastings 1985

Chess Not Checkers - Mark Miller 2015-04-06

As organizations grow in volume and complexity, the demands on leadership change. The same old moves won't cut it any more. In *Chess Not Checkers*, Mark Miller tells the story of Blake Brown, newly appointed CEO of a company troubled by poor performance and low morale. Nothing Blake learned from his previous roles seems to help him deal with the issues he now faces. The problem, his new mentor points out, is Blake is playing the wrong game. The early days of an organization are like checkers: a quickly played game with mostly interchangeable pieces. Everybody, the leader included, does a little bit of everything; the pace is frenetic. But as the organization expands, you can't just keep jumping from activity to activity. You have to think strategically, plan ahead, and leverage every employee's specific talents—that's chess. Leaders who continue to play checkers when the name of the game is chess lose. On his journey, Blake learns four essential strategies from the game of chess that transform his leadership and his organization. The result: unprecedented performance!

Rumble in the Jungle - Norman Moyo 2014-07-20
Never doubt that a small group of thoughtful,

concerned citizens can change Africa. Indeed it is the only thing that would. Observing the impact that the right people in leadership positions, people who wholly subscribe to servant leadership rather than self-serving leadership has been a great source of inspiration. I experienced first-hand how a few good people have come together and brought positive transformation to businesses, creating excellent shareholder value, money for the community, and income for the employees and government. I am convinced that finding the right leaders in communities, societies, companies, and countries is the fundamental difference between prosperity and poverty. It is the difference between greatness and mediocrity, and the difference between successful and failed states. By making different choices in leadership and putting the right people in the right places, we can lead this continent to achieve its full and glorious potential for the next generation not the next election! This is now a leadership call to action!

About the Author: Norman Moyo is the Chief Executive Officer of Helios Tanzania. Born in 1973 in Zimbabwe, Norman has extensive experience in the FMCG, particularly telecommunications industry spanning more than 13 years. He started his career working for Standard Chartered Bank in 1996 and immediately joined the telecommunications industry at the onset of the GSM industry working for Econet Wireless in Zimbabwe in 1998. He later re-joined the telecommunications industry as Commercial Director in Zambia with Celtel International, a Pan African group with operations in 15 African countries in 2004. He primarily focused on business re-engineering, brand equity, segmentation, product development, m-commerce, distribution, and Enterprise Segment management. In 2011 Norman was nominated to the prestigious GTB global top 40 world telecom leaders under 40 years as a result of his work in Nigeria. He holds an Honours Degree in Economics, an MBA from the University of Zimbabwe and London Business school training. His values are legacy, integrity, lifelong learning, work and profit. He is also a keen golfer. Endorsement: This is a must-read for leaders who are seeking meaningful insights into doing business in

Africa. The stories and case studies reveal Norman Moyo's deep practical experience, and also link to established management theory and frameworks. Professor Jamie Anderson Lorange Institute (Switzerland) & London Business School (United Kingdom). Named as Management Guru by the Financial Times When it comes to insights as to how good leadership transforms lives, Norman speaks his mind and heart with clear, candid and brutal honesty. He presents a unique and fresh Pan African perspective to the effect of leadership at both corporate and national level. If there is one thing that will be a catalyst for a renaissance in Africa, it is leadership. Tito Alai Chief Commercial Officer, Celtel International Founder Mimi Africa

Sophie's World - Jostein Gaarder 2007-03-20
One day Sophie comes home from school to find two questions in her mail: "Who are you?" and "Where does the world come from?" Before she knows it she is enrolled in a correspondence course with a mysterious philosopher. Thus begins Jostein Gaarder's unique novel, which is not only a mystery, but also a complete and entertaining history of philosophy.

Who Says Elephants Can't Dance? - Louis V. Gerstner 2003-12-16

Who Says Elephants Can't Dance? sums up Lou Gerstner's historic business achievement, bringing IBM back from the brink of insolvency to lead the computer business once again. Offering a unique case study drawn from decades of experience at some of America's top companies -- McKinsey, American Express, RJR Nabisco -- Gerstner's insights into management and leadership are applicable to any business, at any level. Ranging from strategy to public relations, from finance to organization, Gerstner reveals the lessons of a lifetime running highly successful companies.

The Elephant in the Room - Robb Thompson 2012-05-01

"The elephant in the room" is a common idiom defined as "to avoid an obvious truth." The "elephant" is the glaring reality that everyone sees and is aware of, but is shunned and avoided at all cost. That elephant is ETHICS. In this book, you will learn the extent to which we, as a society, have morally regressed and what each of us can do to examine ourselves, change the course of our lives, and reclaim this nation in

which we live. You will uncover practical principles that illustrate what it means to be a person of ethical character, and you will discover how to daily develop that treasure in your life. You have the opportunity to shape your future and to become all that you were created to be. The outcome of your life rests upon how willingly you embrace truth and virtue - and how strongly you build your ethical foundation.

The People First Effect - Jack Lannom
2017-10-31

The People First Effect is a business fable about CEO Dan Burton. Dan has successfully led his company out of the 2008 recession and sees his organization moving back toward sustainable growth—only to learn that his company has been sold to a foreign investor. In the turmoil that follows the takeover, Dan is faced with the challenge of rebuilding strong, trust-based relationships in his personal and professional lives. Told in the form of a fast-paced fictional story, the reader will sit in on informal Q&A sessions with seven real-life executives who are currently practicing the principles that are so clearly explained in this highly informative and practical book. You won't be able to put this book down—after just a few pages, you'll be thoroughly engaged in learning how to create "The People First Effect" in your home and workplace! Written in a clear, conversational style, The People First Effect will grip the hearts and engage the minds of readers from all walks of life.

The Book of Mistakes - Skip Prichard
2018-02-06

Have you ever wondered why some people seem to catch all the breaks and win over and over again? What do the super successful know? What is standing between you and your wildest dreams? The Book of Mistakes will take you on an inspiring journey, following an ancient manuscript with powerful lessons that will transform your life. You'll meet David, a young man who with each passing day is more disheartened and stressed. Despite a decent job, apartment, and friends, he just feels hollow . . . until one day he meets a mysterious young woman and everything starts to change. In this self-help tale wrapped in fiction, you'll learn the nine mistakes that prevent many from achieving their goals. You'll learn how to overcome these

hurdles and reinvent your life. This success parable is packed with wisdom that will help you discover and follow your personal purpose, push beyond your perceived capabilities, and achieve more than you ever dreamed possible. You'll find yourself returning again and again to a deceptively simple story that teaches actionable insights and enduring truths.

Building a House for Diversity - R. Roosevelt Thomas 1999

A giraffe and an elephant consider themselves friends. But when the giraffe invites the elephant into his home, disaster strikes. The house has been designed to meet the needs of the tall, slender giraffe. The elephant smashes into doorways and walls trying to maneuver. The giraffe gently suggests aerobics and ballet classes. The elephant is unconvinced. To him, the house is the problem... R. Roosevelt Thomas, one of America's most respected experts on diversity, uses the metaphor of giraffes and elephants - insiders and outsiders - to examine our assumptions about power, influence, affirmative action, and acceptance of "the others." His richly accessible guide will have you thinking about these critical issues in a whole new way. And it will show you how to develop the quantifiable set of skills that are the essence of diversity management.~

The Age of Speed - Vince Poscente 2008-08-26

To succeed in today's ever-accelerating world, speed is the name of the game. Forget "slow and steady wins the race." The key to getting ahead is not fighting or hiding from speed, but embracing speed and using its power to your advantage. As Vince Poscente demonstrates in this rewarding and, yes, fast-paced book, speed has a unique ability to enrich your life. He empowers you to take control of your time, your tasks, your priorities, and your talents, and start making life everything you want it to be. Twenty new tips-exclusive to this paperback edition-show you how to:

- recognize the difference between repetitive chores and passionate pursuits, and assign the appropriate amount of time and energy to each
- mentally shatter the outdated idea that work, home, and leisure should be completely separate, and create a new, purpose-driven model of organizing your time
- discover how to control interruptions, including how and when to accept

them-by learning when to multitask and when to focus Speed provides amazing benefits—you become more conscious of how you spend your time, understand your authentic purpose, and find yourself more flexible and open to new opportunities. When you harness the power of speed, your life and work become less stressful, less busy, and more balanced. What are you waiting for? Praise for The Age of Speed: “The Age of Speed is your bible to surf the speed tsunami that’s overtaking business and life.” –Scott Cook, chairman and co-founder, Intuit “Thought-provoking . . . It’s time to make peace with the whoosh of your 24/7 lifestyle.” –Time “[Vince Poscente’s] counterintuitive notion of embracing speed rather than coping with it will change the way people live and work.” –Stephen M. R. Covey, author of The Speed of Trust

The Earthquake - Vince Poscente 2021-11-30

From the New York Times bestselling author of *The Age of Speed* and *The Ant and the Elephant* comes an engaging parable to help you break free from feeling stuck and bounce back after a crisis in the business of life. Personal catastrophes are like an earthquake: they leave us too shaken to know what to do next, afraid that every step we take might spark another upheaval. But we can learn to resist our human instinct to hide from challenges. In this entertaining modern-day fable, Vince Poscente introduces us to the well-intentioned, conscious ant and the habitually fearful, subconscious elephant as seismic destruction changes their world and ultimately forces them to leave their oasis. What Adir the ant and Elgo the elephant learn—and what you’ll learn by journeying with them—is the linear path they used to reach the oasis in *The Ant and the Elephant* does not work in the chaos after an earthquake. How can they breakthrough and thrive after a life-altering setback? The answer lies in the “Solution Loop,” a tool that teaches them to use collaboration, curiosity, and creativity to:

- Reframe dark times as illuminating experiences
- Resist the impulse to go it alone
- Find fresh perspectives
- Seek a path where you can enjoy the journey

The methodology is told using the time-honored method of a parable. The book offers prescriptive advice, and is based on Poscente’s study of practices like decoding human behavior, the neuroscience of performance, and

interpersonal dysfunction around fear, *The Earthquake* is a must read. It’s for anyone looking to find your way to sustained hope and away from the messy and debilitating challenges caused by devastation, for specific solutions to the setback you’re currently facing, or to help others bounce back from their personal earthquake.

Maverick! - Ricardo Semler 2001

The International Bestseller That Tells How Semler Tore Up The Rule Books - And Defied Inflation Running At Up To 900% Per Year!- Workers Make Decisions Previously Made By Their Bosses- Managerial Staff Set Their Own Salaries And Bonuses - Everyone Has Access To The Company Books- No Formality - A Minimum Of Meetings, Memos And Approvals- Internal Walls Torn Down - Shopfloor Workers Set Their Own Productivity Targets And SchedulesResult - Semco Is One Of Latin America'S Fastest-Growing Companies, Acknowledged To Be The Best In Brazil To Work For, And With A Waiting List Of Thousands Of Applicants Waiting To Join It. Uncle and Ants - Marc Jedel 2018-10-11

Mysterious attacks. Mischievous nieces. Can a clueless uncle catch a tech-savvy killer ... and be home before bedtime? When a freak accident hospitalizes Marty Golden's sister and condemns him to babysitter duty, he thinks it's just another case of hardwired bad luck in Silicon Valley. Until a suspicious murder suggests the mishap was no mere coincidence. Something must be done. Too bad this quirky, fashion-backward uncle isn't exactly hero material. Convinced his sister is in mortal danger, this amateur sleuth follows clues to an oddball array of suspects. Armed with nothing but an eye for detail and powers of self-delusion, Marty tangles with gangsters, a cantankerous school secretary, and a perplexing woman he can't help but fall for. Glitches in his investigation seem like a piece of cake compared to dinner-prep and bedtime stories with his two precocious, pre-teen nieces. Can Marty catch the culprit, save his sister, and get his life back in order before he gets unplugged? *Uncle and Ants* is the first novel in a refreshingly modern mystery series set in Silicon Valley. If you like clever humor, sassy side

characters, and average Joes facing extraordinary circumstances, then you'll love this twisty mystery. Buy *Uncle and Ants* to login to a fresh, funny mystery today!

Quest for Prosperity - Kōnosuke Matsushita 1988

Divides into three parts: the first covering Matsushita's childhood and the founding and early development of the Matsushita Electric Appliance. Factory (1894-1925). The secondary the period of rapid business expansion (1927-1933), and the third World War II and the postwar recovery up through the present.

The Second Jungle Book - Rudyard Kipling 1897

Presents the further adventures of Mowgli, a boy reared by a pack of wolves, and the wild animals of the jungle. Also includes other short stories set in India.

Water and Salt - Barbara Hendel 2003

Perfect bound with additional flaps on the cover
Switch - Chip Heath 2010-02-16

Why is it so hard to make lasting changes in our companies, in our communities, and in our own lives? The primary obstacle is a conflict that's built into our brains, say Chip and Dan Heath, authors of the critically acclaimed bestseller *Made to Stick*. Psychologists have discovered that our minds are ruled by two different systems - the rational mind and the emotional mind—that compete for control. The rational mind wants a great beach body; the emotional mind wants that Oreo cookie. The rational mind wants to change something at work; the emotional mind loves the comfort of the existing routine. This tension can doom a change effort - but if it is overcome, change can come quickly. In *Switch*, the Heaths show how everyday people - employees and managers, parents and nurses - have united both minds and, as a result, achieved dramatic results: • The lowly medical interns who managed to defeat an entrenched, decades-old medical practice that was endangering patients • The home-organizing guru who developed a simple technique for overcoming the dread of housekeeping • The manager who transformed a lackadaisical customer-support team into service zealots by removing a standard tool of customer service In a compelling, story-driven narrative, the Heaths bring together decades of counterintuitive

research in psychology, sociology, and other fields to shed new light on how we can effect transformative change. *Switch* shows that successful changes follow a pattern, a pattern you can use to make the changes that matter to you, whether your interest is in changing the world or changing your waistline.

The Ant and the Elephant - Vince Poscente 2004
Of all the animals the elephant rescues, only the tiny ant returns the favor.

Self-Improvement 101 - John C. Maxwell 2009-11-01

John C. Maxwell, an expert in leadership development, uses his decades of experience to teach readers how to reach their full potential through a commitment to personal growth. In *Self-Improvement 101*, he provides the essential tips and tools to help any leader continue striving for excellence no matter what industry, business, or level of leadership. You'll learn: the secret of becoming a lifelong learner, where to focus your time for maximum growth, what sacrifices are worth making to keep getting better, how to overcome obstacles to self-improvement, the key to turning experience into wisdom, and why leaders need to be learners, among many other essential lessons. People never reach their potential by accident. Often, those who achieve the greatest success have the greatest desire to learn and grow. *Self-Improvement 101* guides readers on an essential journey to uncovering their own desire, commitment, and unyielding determination to improve their life--and to improve themselves.

Six Legs Better - Charlotte Sleigh 2007-03-05
Marking the centenary of the coining of myrmecology to describe the study of ants, *Six Legs Better* demonstrates the remarkable historical role played by ants as a node where notions of animal, human, and automaton intersect.

Ernie the Unusual Elephant - Michael Randolph Boozer 2021-12-01

Ernie is a young elephant who discovers he is a little bit different from other elephants. It turns out to be a blessing in disguise. Ernie's different ability helps save a good friend of the elephants. Being different can be very good indeed!

Pivot: How One Turn in Attitude Can Lead to Success - Alan R. Zimmerman 2011

Whether you are struggling with your goals,

unmotivated at work, burnt out on bad news, or just uninspired, a simple turn in attitude can make all the difference. In *Pivot*, Dr. Alan R. Zimmerman draws from his extensive experience as a performance consultant to reveal the crucial role attitude plays in your success. Simply put, good attitudes bring good results and bad attitudes bring bad results.

The Ant And The Elephant - Leadership For The Self - Vince Poscente 2006

The Ant and the Elephant is an entertaining parable to help you unleash the massive power of human potential. Its goal is to demonstrate how we can unite the powerful forces of conscious and subconscious thought to reach our peak performance levels as individuals and as leaders. In this book, renowned business consultant and Olympian, Vincent Poscente, weaves a clever parable around profound concepts that can have an immediate impact on your life and the life of those around you. Using a mix of wit and wisdom, Poscente shows us how to focus on and re-direct our subconscious mind in order to accomplish the goals we strive to achieve. In order to explain the relationship between the conscious and sub-conscious mind in an entertaining fashion, Poscente uses the story of Adir the ant and Elgo the Elephant. The story itself is fun to read, and the wisdom he wishes to impart is woven into the story. There is a pause after each chapter, with bullet points to help you understand the principles covered within the chapter and realize how they apply to you and how they can transform your life. Using the lessons of Adir the ant, you will learn how to:

- * Clarify your vision.
- * Commit to cultivating positive dominant thoughts.
- * Consistently focus on performance.
- * Strengthen confidence.
- * Control the response to any situation.

Although the story is simple and enjoyable reading, it stays on in your mind and the concepts taught in the book, when applied, will change your life forever. This book will have an immediate impact on your life.

People First - Jack Lannom 2005

Have you ever read a short, simple book that inspired your mind and lifted your spirits—a book that you couldn't wait to pass onto family and friends? *People First* is such a book. *People First* provides illumination for everyone who truly wants to make a difference in their own life and

in the lives of others. It's a transformational 5-step philosophy told in a story format. Lannom believes that in any situation, when you put people first, you will be rewarded. If an employer treats employees as "purpose partners", success is sure to come. Lannom does not just spell out this advice, he also presents an interesting fiction story of a life-like situation. Dan Burton, CEO of a company is unhappy with his company's profits and his personal life, and he learns the valuable lesson of putting people first from his Sifu, Kung Fu instructor. Sifu teaches Dan the Pyramid of People Power. Through this Dan learns how to balance his personal and public lives.

The Sergeants Major of the Army - 2010

The Secret of Our Success - Joseph Henrich
2017-10-17

How our collective intelligence has helped us to evolve and prosper Humans are a puzzling species. On the one hand, we struggle to survive on our own in the wild, often failing to overcome even basic challenges, like obtaining food, building shelters, or avoiding predators. On the other hand, human groups have produced ingenious technologies, sophisticated languages, and complex institutions that have permitted us to successfully expand into a vast range of diverse environments. What has enabled us to dominate the globe, more than any other species, while remaining virtually helpless as lone individuals? This book shows that the secret of our success lies not in our innate intelligence, but in our collective brains—on the ability of human groups to socially interconnect and learn from one another over generations. Drawing insights from lost European explorers, clever chimpanzees, mobile hunter-gatherers, neuroscientific findings, ancient bones, and the human genome, Joseph Henrich demonstrates how our collective brains have propelled our species' genetic evolution and shaped our biology. Our early capacities for learning from others produced many cultural innovations, such as fire, cooking, water containers, plant knowledge, and projectile weapons, which in turn drove the expansion of our brains and altered our physiology, anatomy, and psychology in crucial ways. Later on, some collective brains generated and recombined powerful concepts,

such as the lever, wheel, screw, and writing, while also creating the institutions that continue to alter our motivations and perceptions. Henrich shows how our genetics and biology are inextricably interwoven with cultural evolution, and how culture-gene interactions launched our species on an extraordinary evolutionary trajectory. Tracking clues from our ancient past to the present, *The Secret of Our Success* explores how the evolution of both our cultural and social natures produce a collective intelligence that explains both our species' immense success and the origins of human uniqueness.

The Ant and the Elephant - Bill Peet 1972

Many creatures are helped when two animals refuse to conform to the laws of the jungle.

Timeless Leadership - Debashis Chatterjee
2012-05-11

The timeless leadership wisdom of the Bhagavad Gita explained Although it was written well over two thousand years ago, the Bhagavad Gita ("Song of God"), a revered Hindu religious text, contains an immense wealth of ageless wisdom that speaks directly to the needs of today's business leaders. *Timeless Leadership* takes this unlikely resource and teases out important lessons on 18 aspects of leadership, from commercial vision to motivation, decision-making, and planning. Looking in detail at what the Gita has to say about these and other issues of interest to business professionals, *Timeless Leadership* focuses on one central point: that once the basic thought process of man is improved, the quality of his actions will improve as well, leading to better results. Uses an ancient religious text to highlight and explain key Western management concepts Explores the leadership ideas in the Bhagavad Gita and helps managers and leaders apply them to modern business life Weaves together the threads of wisdom from the Gita to shed light on issues and challenges for leaders at all levels Covering teachings and ideas that have only got better with time, *Timeless Leadership* adapts the wisdom of millennia past for today's business leaders.

Master Your Mind - Roger Seip 2018-12-05
You'll get there faster if you just slow down
Master Your Mind offers a bit of perspective and a lot of insight for anyone seeking long-term

success. Success in business is spelled M-O-R-E: better results, faster growth, more revenue, greater efficiency. Do more. Make more. Achieve more. And do it now. Eventually, ambition turns to stress, then to frenzy, then to emptiness as once-ambitious workers endlessly trudge the hamster wheel chasing the next promotion. While top-level performance is the holy grail of business at all levels, there is another, much better way to achieve it: slow down. Yes, you read that right—S-L-O-W. This is your permission to jump off of the hamster wheel. Slowing down is not a luxury, it is a necessity. A frenetic brain simply doesn't perform at optimal levels. By maintaining a snail's pace, you actually achieve better results—at rocket speed—because you're firing on all cylinders. You'll think of new things, approach old problems from new perspectives, and breathe a breath of fresh air into everything you do. This book shows you how to achieve this state of steady, sustainable fire, and how to get further by crawling than you ever did while attempting to fly. Learn how slowing down can lead to better, faster results Achieve optimal performance thought patterns Enhance your creativity and effectiveness Build energy, revenue, and good health in a self-sustaining way You know you're capable of more, but the stress is eating away at your body, your brain, and your soul. Relax, take a deep breath, and buckle down. Clear your mind, and then put it to work. Stop juggling and start doing. *Master Your Mind* shows you how to supercharge your trajectory by taking it S-L-O-W.

A Little History of the World - E. H. Gombrich
2014-10-01

E. H. Gombrich's *Little History of the World*, though written in 1935, has become one of the treasures of historical writing since its first publication in English in 2005. The Yale edition alone has now sold over half a million copies, and the book is available worldwide in almost thirty languages. Gombrich was of course the best-known art historian of his time, and his text suggests illustrations on every page. This illustrated edition of the *Little History* brings together the pellucid humanity of his narrative with the images that may well have been in his mind's eye as he wrote the book. The two hundred illustrations—most of them in full

color—are not simple embellishments, though they are beautiful. They emerge from the text, enrich the author's intention, and deepen the pleasure of reading this remarkable work. For this edition the text is reset in a spacious format, flowing around illustrations that range from paintings to line drawings, emblems, motifs, and symbols. The book incorporates freshly drawn maps, a revised preface, and a new index. Blending high-grade design, fine paper, and classic binding, this is both a sumptuous gift book and an enhanced edition of a timeless account of human history.

Oh, the Places You'll Go! - Dr. Seuss

2013-09-24

Dr. Seuss's wonderfully wise *Oh, the Places You'll Go!* is the perfect gift to celebrate all of our special milestones—from graduations to birthdays and beyond! From soaring to high heights and seeing great sights to being left in a Lurch on a prickly perch, Dr. Seuss addresses life's ups and downs with his trademark humorous verse and whimsical illustrations. The inspiring and timeless message encourages readers to find the success that lies within, no matter what challenges they face. A perennial favorite and a perfect gift for anyone starting a new phase in their life!

Winning with People - John C. Maxwell

2007-04-01

Relationships are at the heart of every positive human experience. Maxwell, a master communicator and relational expert, makes learning about relationships accessible to everyone. The most sophisticated leaders and salespeople will pick up on skills that will make them even better, and relational novices will learn skills that can transform them into

relational dynamos.

The Jungle Book - Rudyard Kipling 1920

THE ANT AND THE ELEPHANT - LEADERSHIP FOR THE SELF (HINDI) - Vince Poscente

The Ant and the Elephant is an entertaining parable to help you unleash the massive power of human potential. It's goal is to demonstrate how we can unite the powerful forces of conscious and subconscious thought to reach our peak performance levels as individuals and as leaders. In this book, renowned business consultant and Olympian, Vincent Poscente, weaves a clever parable around profound concepts that can have an immediate impact on your life and the life of those around you. Using a mix of wit and wisdom, Poscente shows us how to focus on and re-direct our subconscious mind in order to accomplish the goals we strive to achieve. In order to explain the relationship between the conscious and sub-conscious mind in an entertaining fashion, Poscente uses the story of Adir the ant and Elgo the Elephant. The story itself is fun to read, and the wisdom he wishes to impart is woven into the story. There is a pause after each chapter, with bullet points to help you understand the principles covered within the chapter and realize how they apply to you and how they can transform your life. Using the lessons of Adir the ant, you will learn how to:

- * Clarify your vision.
- * Commit to cultivating positive dominant thoughts.
- * Consistently focus on performance.
- * Strengthen confidence.
- * Control the response to any situation.

Although the story is simple and enjoyable reading, it stays on in your mind and the concepts taught in the book, when applied, will change your life forever. This book will have an immediate impact on your life.
