Reading the East India Company 1720-1840 - Betty Joseph 2004-01-15

In Reading the East India Company, Betty Joseph offers an innovative account of how archives—and the practice of archiving—shaped colonial ideologies in Britain and British-controlled India during the eighteenth and nineteenth centuries. Drawing on the British East India Company's records as well as novels, memoirs, portraiture and guidebooks, Joseph shows how the company's economic and archival practices intersected to produce colonial "fictions" or "truth-effects" that strictly governed class and gender roles—in effect creating a "grammar of power" that kept the far-flung empire intact. And while women were often excluded from this archive, Joseph finds that we can still hear their voices at certain key historical junctures. Attending to these voices, Joseph illustrates how the writing of history belongs not only to the colonial project set forth by British men, but also to the agendas and mechanisms of agency—of colonized Indian, as well as European women. In the process, she makes a valuable and lasting contribution to gender studies, postcolonial theory, and the history of South Asia.

The California ELD Standards Companion, Grades 9-12 - Ivannia Soto 2019-05-07

"This is an era of extraordinary promise and support for addressing the needs of California's English learners. That's why this book, *The California ELD Standards Companion*, is so important. It's exactly the kind of bridge teachers need between standards and what it looks like in the classroom." —LAURIE OLSEN, Strategic Adviser, The Sobrato Early Academic Language (SEAL) Initiative California teachers: you're going to love this! Here at last is that single teaching resource for making the critical link between our ELD Standards and the CCSS ELA Standards. Standard by standard, you'll quickly discover how to integrate language development into your day-to-day content instruction, armed with an insider's understanding of how best to support our many English learners. Modeled after Jim Burke's Common Core series, this Grades 9-12 volume of *The California ELD Standards Companion* is every bit "that version of the standards you wish you had" because it's just so easy to digest and apply. It's all here: Horizontal and vertical views reveal how each ELD Standard changes and progresses grade by grade and proficiency level by proficiency level. What the Student Does Sections, also scannable by grade and proficiency level, unpack in student-friendly language what meeting a standard looks like in practice. CCSS ELA Standards are displayed side by side with California's ELD Standards so you can appreciate the purposeful alignment between the two as the basis for remodeling instructional practice. What the Teacher Does Sections provide specific instructional guidance by grade band, including student prompts and tips for differentiation across proficiency level. A dedicated vocabulary section offers a quick-reference glossary of key words and phrases as they are used within each ELD Standard. Each section concludes with a vignette from the California ELA/ELD Framework to illustrate exemplary standards-based instruction. Thanks to the ELD Standards, we are now free to teach our ELs the way we knew best all along: language and content taught hand in hand across the school day. Lean on Ivannia Soto and Linda Carstens' *California ELD Standards Companion* as your one-stop guide for delivering that excellent education our ELs so deeply deserve.

A User's Guide to Postcolonial and Latino Borderland Fiction - Frederick Luis Aldama 2009-10-15

Why are so many people attracted to narrative fiction? How do authors in this genre reframe experiences, people, and environments anchored to the real world without duplicating "real life"? In which ways does fiction differ from reality? What might fictional narrative and reality have in common--if anything? By analyzing novels such as Arundhati Roy's *The God of Small Things*, Amitav Ghosh's *The Glass Palace*, Zadie Smith's *White Teeth*, and Hari Kunzru's *The Impressionist*, along with selected Latino comic books and short fiction, this book explores the peculiarities of the production and reception of postcolonial and Latino borderland fiction. Frederick Luis Aldama uses tools from disciplines such as film studies and cognitive science that allow the reader to establish how a fictional narrative is built, how it functions, and how it defines the boundaries of concepts that appear susceptible to limitless interpretations. Aldama emphasizes how postcolonial and Latino borderland narrative fiction authors and artists use narrative devices to create their aesthetic blueprints in ways that loosely guide their readers' imagination and emotion. In *A User's Guide to Postcolonial and Latino Borderland Fiction*, he argues that the study of ethnic-identified narrative fiction must acknowledge its active engagement with world narrative fictional genres, storytelling modes, and techniques, as well as the way such fictions work to move their audiences.

The British in India - David Gilmour 2018-11-13

An immersive portrait of the lives of the British in India, from the seventeenth century to Independence Who of the British went to India, and why? We know about Kipling and Forster, Orwell and Scott, but what of the youthful forestry official, the enterprising boxwallah, the fervid missionary? What motivated them to travel halfway around the globe, what lives did they lead when they got there, and what did they think about it all? Full of spirited, illuminating anecdotes drawn from long-forgotten memoirs, correspondence, and government documents, *The British in India* weaves a rich tapestry of the everyday experiences of the Britons who found themselves in "the jewel in the crown" of the British Empire. David Gilmour captures the substance and texture of their work, home, and social lives, and illustrates how these transformed across the several centuries of British presence and rule in the subcontinent, from the East India Company's first

trading station in 1615 to the twilight of the Raj and Partition and Independence in 1947. He takes us through remote hill stations, bustling coastal ports, opulent palaces, regimented cantonments, and dense jungles, revealing the country as seen through British eyes, and wittily reveling in all the particular concerns and contradictions that were a consequence of that limited perspective. The British in India is a breathtaking accomplishment, a vivid and balanced history written with brio, elegance, and erudition.

A Little History of the World - E. H. Gombrich 2014-10-01

E. H. Gombrich's Little History of the World, though written in 1935, has become one of the treasures of historical writing since its first publication in English in 2005. The Yale edition alone has now sold over half a million copies, and the book is available worldwide in almost thirty languages. Gombrich was of course the best-known art historian of his time, and his text suggests illustrations on every page. This illustrated edition of the Little History brings together the pellucid humanity of his narrative with the images that may well have been in his mind's eye as he wrote the book. The two hundred illustrations—most of them in full color—are not simple embellishments, though they are beautiful. They emerge from the text, enrich the author's intention, and deepen the pleasure of reading this remarkable work. For this edition the text is reset in a spacious format, flowing around illustrations that range from paintings to line drawings, emblems, motifs, and symbols. The book incorporates freshly drawn maps, a revised preface, and a new index. Blending high-grade design, fine paper, and classic binding, this is both a sumptuous gift book and an enhanced edition of a timeless account of human history.

[Problems Of Higher Education In India: An Approach To Structural Analysis And Reorganization](#) - K. L. Joshi 1977

Problems facing higher education in India are examined in terms of systems analysis, structural changes, input-output ratios, and critical perspectives of the system itself. Part I (Introduction and Present Position) provides an introduction to the problems, information on the education commission, and planning in education. Part II (Higher Education and Systems) examines the economics of education, systems analysis, and structural changes and articulation. Part III (Structural Changes and Reorganization) discusses: structural changes and reorganization; the need for community/junior colleges in India; the open university; central responsibility; and the coordination of higher education in a federal system. Several suggestions are offered such as: (1) the need for clear definition of goals and purposes; (2) emphasis on the preservation of inherent quality and diversity; (3) spread of community/junior colleges across the nation; (4) the establishment of open universities; (5) advancement of social justice; (6) that associate in arts degrees be made generally available after the two years of post-10-year school education, to be followed by two- or three-year-degree courses in different faculties (a mix of the U.S.S.R. and U.S. systems); and (7) that all postsecondary education be properly coordinated and systematized. A listing of the universities in India are appended, and a bibliography and index are provided. (LC)
