He started by reaching out to people he admired, searching for mentors, and applying his past coaches' advice from sports to life off the field. Lewis did more than bounce back: He built a multimillion-dollar online business and is now a sought-after business coach, speaker, and podcast host. In the New York Times bestseller *The School of Greatness*, Howes shares the essential tips and habits he gathered in interviewing "the greats" on his wildly popular podcast of the same name. A framework for personal development, *The School of Greatness* gives you the tools, knowledge, and actionable resources you need to reach your potential. Howes anchors each chapter with a specific lesson he culled from his greatness "professors" and his own experiences to teach you how to create a vision, develop hustle, and use dedication, mindfulness, joy, and love to reach goals. *The Key to the Secret* - Cedar Medicine 2012-02-09

I loved the book, *The Secret*. I realized pieces were left out. So I tracked down the missing pieces. This book contains what I found. This book describes how to have fun using the Law of Attraction, or really Resonant Attraction, Manifestation, and adjustment of energies, to benefit yourself and others. It contains the essence of over 200 books, and numerous seminars, on the subject. This book is written along the lines of the Tao Te Ching, Sun Tzu's *Art of War*, Richard Bach's book *Illusions*, or *Journey to the Ancestral Self*, where one can go back to it many times, and get something new and fascinating, each time. One reviewer said this book could be a playbook for life. All reviewers said it was the most complete book they had ever seen, on the subject. The editors of *Think and Grow Rich* left out a lot of material they felt people weren't ready for. This book fills in most of those gaps, also. We seek out problems for their gifts, because we grow as we solve those problems. You cannot solve a problem out of the same place it was created. You must go to a new level of order. Everything you see in this book, and every human creation, was sought out to solve some problem, by someone in a state of confusion, who didn't have the answer at first, and asked new questions. The Universe has benevolent intentions for you, if you choose to let it work that way. Your default setting is peace, love, joy, healing beauty, happiness, satisfaction, comfort, contentment, and everything that makes life worthwhile. Only you can change the default settings. You change them by invoking the Law of Attraction, with intent. You already have and are everything you could ever need, want, be, do, or have, inside, in the field of possibility. Energy flows where attention goes. What you concentrate on grows. You can create anything you want. You already create your world, perhaps unconsciously. This book is about becoming a

conscious creator, so you consciously choose what you will create, and then becoming an effortless creator. The Law of Attraction is very simple. It is really a Law of Resonant Attraction. Stop believing, feeling, and thinking about what you don't want, and start believing, feeling, and thinking what supports you, and what would support your growth. You never want things as things; you seek the feelings having the things will bring to you. You can create those feelings right now. What would it feel like, if your dream was real, right now? What would you see, hear, and feel if you already had whatever you seek? Spend as much time as you can, in that state of being. 90% of success is having a clear intent. Take action as you feel guided to do so. The intent of this book is to guide you into experiencing and realizing your dreams. This book is very similar to Dowsing and Manifesting- though it doesn't use dowsing language- and Redneck Shaman- though it isn't specifically shamanic. The three authors differed on what the final product should look like, so they each went in their own direction.

You Are About To Learn How To Unleash The Full Power Of The Law Of Attraction To Manifest Anything You Desire In Life! We all have both material and immaterial things we desire to achieve but very few of us actually know how close we always are to achieving them before we give up. We then marvel at how easy other people around us achieve seemingly difficult goals- and then blame our intellectual differences, luck and other factors as a way to justify our situation compared to theirs. But in most cases, it's never any of those factors we create as one of the most powerful laws of the universe asserts. The law of attraction says that you attract into your life whatever you focus on and feel strongly about. If you focus on the good and positive things in your life, those things will be attracted to your life automatically. If you focus on negativity and lack, that's exactly what you attract and get. Thoughts determine feelings, feelings determine actions, and actions determine your reality. So if you've been looking for a way to get a new job, a new house, a good woman or man, pass your examinations, get promoted or anything else, no matter how complex it may seem, achieving it has always been simpler than you may have ever thought- that's why some people never seem to struggle! But easy as it may sound, you may still wonder... But I always have positive thoughts...How come they never reach the reality stage? How can I align my mind with my desires?
