A gripping historical drama-the origin of Greek mythology's Medusa is uniquely explored and reimagined in this epic work of historical fiction that takes us back to Ancient Greece during the rise of the Mycenaeans. "For what is beautiful is always under threat from those jealous enough to take it for their own."In 1650 BC, King Oceanus, a self-proclaimed lord of the sea, arrives with his soldiers on the shore of Tiryns and begins a struggle for power and dominance. Thais, the Tiryns chieftain's daughter, is caught between her father's wish for peace without bloodshed, and the senior councilman's desire to wage war. Yet the biggest threat to the people of Tiryns is not the soldiers in the plains but the growing division within the city. Seeing no other option to end the pending war, Thais' mother strikes a bargain with their Mother Goddess, trading her life for her daughter's future. Thais is left to discover what her mother bargained for while lies, deceit, and secrets propel her and all of her people into one epic struggle for survival.

If you like to read stories about redemption, perseverance, and the power of courage and kindness, then you will love this historical saga of a Tiryns woman behind the myth of Medusa in this standalone installment of the Ancient Legends series.

*A Merciless Place* - Emma Christopher  
2011-07-01

Since Robert Hughes' *The Fatal Shore*, the fate of British convicts has burned brightly in the popular imagination. Incredibly, their larger story is even more dramatic--the saga of forgotten men and women scattered to the farthest corners of the British empire, driven by the winds of the American Revolution and the currents of the African slave trade. In *A Merciless Place*, Emma Christopher brilliantly captures this previously unknown story of poverty, punishment, and transportation. The

story begins with the American War of Independence, until which many British convicts were shipped across the Atlantic. The Revolution interrupted this flow and inspired two entrepreneurs to organize the criminals into military units to fight for the crown. The felon soldiers went to West Africa's slave-trading posts just as the war ended; these forts became the new destination for England's rapidly multiplying convicts. The move was a disaster. Christopher writes that "before the scheme was abandoned, it would have run the gamut of piracy, treachery, mutiny, starvation, poisonings, allegations of white women forced to prostitute themselves to African men, and not least several cases of murder." To end the scandal, the British government chose a new destination, as far away as possible: Australia. Christopher here captures the gritty lives of Britain's convicts: victims of London's underworld, rife with brutal crime and sometimes even more brutal punishments. Equally fascinating are the

portraits of Fante people of West Africa, forced to undergo dramatic changes in their role as intermediaries with Europeans in the slave trade. Here, too, are the aboriginal Australians, coping with the transformation of their native land. They all inhabit *A Merciless Place*: a tour de force and historical narrative at its finest.

*Liar, Temptress, Soldier, Spy* - Karen Abbott  
2014-09-02

Karen Abbott, the New York Times bestselling author of *Sin in the Second City* and "pioneer of sizzle history" (USA Today), tells the spellbinding true story of four women who risked everything to become spies during the Civil War. Karen Abbott illuminates one of the most fascinating yet little known aspects of the Civil War: the stories of four courageous women—a socialite, a farmgirl, an abolitionist, and a widow—who were spies. After shooting a Union soldier in her front hall with a pocket

pistol, Belle Boyd became a courier and spy for the Confederate army, using her charms to seduce men on both sides. Emma Edmonds cut off her hair and assumed the identity of a man to enlist as a Union private, witnessing the bloodiest battles of the Civil War. The beautiful widow, Rose O'Neale Greenhow, engaged in affairs with powerful Northern politicians to gather intelligence for the Confederacy, and used her young daughter to send information to Southern generals. Elizabeth Van Lew, a wealthy Richmond abolitionist, hid behind her proper Southern manners as she orchestrated a far-reaching espionage ring, right under the noses of suspicious rebel detectives. Using a wealth of primary source material and interviews with the spies' descendants, Abbott seamlessly weaves the adventures of these four heroines throughout the tumultuous years of the war. With a cast of real-life characters including Walt Whitman, Nathaniel Hawthorne, General Stonewall Jackson, detective Allan Pinkerton,

Abraham and Mary Todd Lincoln, and Emperor Napoleon III, *Liar, Temptress, Soldier, Spy* draws you into the war as these daring women lived it. *Liar, Temptress, Soldier, Spy* contains 39 black & photos and 3 maps.

This is a filmography of not only all of the English-language movies made during the 1960s that had a theatrical release but major foreign films exhibited in the United States as well. The films are listed alphabetically and the following information is provided for each: year of release, nation of origin if other than the United States, production/distribution company, black and white notation (if not in color), running time, genre, production credits, cast and characters, and a brief synopsis. This turbulent decade is unusually interesting in the history of cinema. Those films released in the early part of the decade were similar to those of the 1950s, but as the years passed, the offerings changed in many

ways.

**The Thief** - Guy de Maupassant 2022-05-30  
"The Thief" tells the tragic story of a soldier enamoured with life and with a girl as disquieting and wayward as she is beautiful.

Through masterful storytelling within a story, Guy de Maupassant portrays a fiery and passionate romance, initiated in secrecy and heartbreakingly brought to light, when on one dark, fateful evening, the soldier is mistaken for a thief. With "The Thief", Maupassant calls upon the reader to question the nature of crime, the appropriateness of juridical punishment in nineteenth-century France, and the willingness to sacrifice everything in the name of love. Guy de Maupassant (1850-1893) was a famous French writer, best known as one of the finest practitioners of the short story. Master of style and dramatic narrative, Maupassant's stories mainly focus on the relationships between men and women, often found at the crossroads of life. One of his greatest influences was Gustave Flaubert, who introduced him to some of the central names of the time such as Emile Zola, Henry James, and Ivan Turgenev. Some of his best-known works include the novels "Bel Ami" and "Une Vie", more than 300 short stories,

travel books, and even an attempt at poetry.

"The rise of the Inns of Court (the English legal societies) and their internal organization are described, followed by a study of these societies and their theatrical entertainments ... Special attention is paid to the masques and their elaborate productions between 1526 and 1683 ... The author's evidence indicates that the

supposedly humorless profession of lawyers was sufficiently capable of ridiculing itself in dramatic satire, and of offering dramatic entertainment of excellent quality"--Cover

*Tremendous Worlds* is a companion volume to *Playing with Ideas* and has a play corresponding to each of the book's seven chapters. The anthology makes accessible, for the first time, a selection of Australian women's plays from the first half of the twentieth century, plays that celebrate the diversity of female identities. Australian women, who won the vote decades ahead of those in England and the United States, have long had something to say that reflects their unique experiences. Some fascinating debates and musings are captured here, reminding us how revealing theatre can be of a society's beliefs and cultures.
