In 1932 William Z. Foster, the National Chairman of the Communist Party, USA, published his book, Toward Soviet America. In his book Foster revealed the Communist plan to build a Soviet America, or an American version of the Soviet Union. Foster provided the reader with a general plan along with many specific details. In 1958 former FBI agent W. Cleon Skousen published his book, The Naked Communist. In his 1962 edition Skousen listed 45 goals Communists planned to achieve in building a Communist America. This book, Welcome To Soviet America: Special Edition, explores the alarming extent to which many of the goals outlined by Karl Marx, William Z. Foster, W. Primary History Kingdom of Benin - Fidelia Nimmons 2013-08-27

Primary History Kingdom of Benin (Not to be confused with former Dahomey) has been written to support teachers to meet the requirements of the new National Curriculum Framework for history at Key Stage 2: a non-European society that provides contrasts with British history. It covers all historical aspects of the great kingdom which was at its height between the 14th and 16 centuries. This book is divided into three sections. The first section covers study of palace life; the second section covers growing up experiences of the kingdom's children and of ordinary people. The third

section provides numerous and varied historical enquiries activities to improve pupils' knowledge and understanding of historical facts of the great kingdom and help to develop their enquiries skills. This section includes comparison of medieval British and Benin kings. This book incorporates historical sources including African oral traditions of storytelling, wood and terracotta sculptures and reading and analysis of the Benin bronze plaques through which the kings and elders of the kingdom chose to record their history. To keep up with technological advancement and opportunities, a dedicated website has been set up to provide further activities and up to date knowledge and information on the kingdom. A virtual classroom has also been created through which the author can clarify and provide additional support to teachers and pupils as necessary. Details of these websites are below. There are many more resources on the website including videos and photographs with cross curricular activities

including ideas for developing writing and word work through drama and role play. This method of learning makes this unit an exciting topic for pupils to study. The kingdom, founded around 40Bc was at its height between the 14th and 16th century when it conquered neighbouring countries on the West African Coast and traded far afield with Europeans and traders from the East. It was sacked by the British in 1897 though the crown was restored in 1914, the king's authority and influence was highly diminished. However, the people's traditions and customs continue to this day. Fidelia Nimmons has a track record of achieving outstanding results with a variety of learners and has written many teaching and learning support books to this aim. Three Kingdoms - Guanzhong Luo 2020-05-12
"A material epic with an astonishing fidelity to history."—New York Times Book Review
Three Kingdoms tells the story of the fateful last reign of the Han dynasty (206 B.C.–A.D. 220), when the Chinese empire was divided into three warring kingdoms. Writing some twelve hundred years later, the Ming author Luo Guanzhong drew on histories, dramas, and poems portraying the crisis to fashion a sophisticated, compelling narrative that has become the Chinese national

epic. This abridged edition captures the novel's intimate and unsparing view of how power is wielded, how diplomacy is conducted, and how wars are planned and fought. As important for Chinese culture as the Homeric epics have been for the West, this Ming dynasty masterpiece continues to be widely influential in China, Korea, Japan, and Vietnam and remains a great work of world literature.

A Madman's Diary - Lu Lu Xun 2016-06-02

This edition of Lu Xun's Chinese classic *A Madman's Diary* features both English and Chinese side by side for easy reference and bilingual support. The Lu Xun Bilingual Study

Series includes a study guide and additional materials for each book in the series. Published in 1918 by Lu Xun, one of the greatest writers in 20th-century Chinese literature. This short story is one of the first and most influential modern works written in vernacular Chinese and would become a cornerstone of the New Culture Movement. It is the first story in Call to Arms, a collection of short stories by Lu Xun. The story was often referred to as "China's first modern short story". The diary form was inspired by Nikolai Gogol's short story "Diary of a Madman," as was the idea of the madman who sees reality more clearly than those around him. The "madman" sees "cannibalism" both in his family and the village around him, and he then finds cannibalism in the Confucian classics which had long been credited with a humanistic concern for the mutual obligations of society, and thus for the superiority of Confucian civilization. The story was read as an ironic attack on traditional Chinese culture and a call for a New Culture.
