Bo Brewster has been at war with his father for as long as he can remember. Following angry outbursts at his football coach and English teacher that have cost him his spot on the football team and moved him dangerously close to expulsion from school, he turns to the only adult he believes will listen: Larry King. In his letters to Larry, Bo describes his quest for excellence on his own terms. No more coaches for me, he tells the talk show icon, no more dads. I'm going to be a triathlete, an Ironman. Relegated to Mr. Nak's before-school Anger Management group (which he initially believes to be populated with future serial killers and freeway snipers), Bo meets a hard-edged, down-on-their-luck pack of survivors with stainless steel shields against the world that Bo comes to see are not so different from his own. It is here he meets and falls in love with Shelly, a future American Gladiator, whose passion for physical challenge more than matches his. *Ironman* is a funny, sometimes heartbreaking story about growing up in the heart of struggle. It is about standing up, getting knocked down, and standing up again. It is about being heard--and learning to listen.

For nine thousand years the Aleut people had lived and thrived on these treeless, windswept lands. It chronicles her struggles to survive and to keep community and heritage intact despite harsh conditions in an alien environment.

The Areas of My Expertise - John Hodgman 2012-10-02

In the great tradition of the American almanac, *The Areas of My Expertise* is a brilliant and hilarious compendium of handy reference tables, fascinating trivia, and sage wisdom on all topics large and small.

Although bestsellers such as *Poor Richard's Almanack* and *The Book of Lists* were certainly valuable, they also were largely true. Here is a different kind of handy desk reference, one in which all of the historical oddities and amazing true facts are sifted through the singular, illuminating imagination of John Hodgman—which is the nice way of saying: He made it all up. John Hodgman brings his considerable expertise to bear in answering all of the questions book buyers have been asking: -What are the mottoes of the 51 United States? THE ANSWER IS PROVIDED -Who were the U.S. presidents who had hooks for hands? THE ANSWER IS PROVIDED -What role does the Yale secret society "Skull and Bones" play in the secret world government? THERE IS NO SECRET WORLD GOVERNMENT -What was the menu at the first Thanksgiving, and did it include eels? Technically, that is two questions, but do not apologize, for John Hodgman shall answer them both . . . LATER. -Aside from a compendium of fake trivia, what is the best kind of book to write? A SIMPLE TABLE OF THE 55 MOST DRAMATIC LITERARY SITUATIONS PROVIDES THE ANSWER, and John Hodgman is the author of that table. Imagine if *The Book of Lists* had been rewritten by Peter Cook and Jorge Luis Borges under the pseudonym of "John Hodgman" and then renamed *The Areas of My Expertise*, and you will only begin to have a sense of the dizzying, uproarious, sublimely weird, and strangely wise journey that is contained within this book (along with all the pages and words). Perfect for anyone who thirsts for knowledge, and especially for collectors of books of fake trivia, *The Areas of My Expertise* offers through absurdity a better understanding of the world we share—and recognizes that while the truth may be stranger than fiction, it is never as strange as lies . . . or as true. Look out for John Hodgman's latest book, *Vacationland*, available from Viking in Fall 2017.

[Frenchtown Summer](#) - Robert Cormier 2009-05-27

Eugene is remembering the summer of 1938 in Frenchtown, a time when he began to wonder "what I was doing here on the planet Earth." Here in vibrant, exquisite detail are his lovely mother, his aunts and uncles, cousins and friends, and especially his beloved, enigmatic father. Here,

too, is the world of a mill town: the boys swimming in a brook that is red or purple or green, depending on the dyes dumped that day by the comb shop; the visit of the ice man; and the boys' trips to the cemetery or the forbidden railroad tracks. And here also is a darker world—the mystery of a girl murdered years before. Robert Cormier's touching, funny, melancholy chronicle of a vanished world celebrates a son's connection to his father and human relationships that are timeless.

[Mary's Monster](#) - Lita Judge 2018-01-30

"Both timely and terrifying." —Gregory Macguire, New York Times—bestselling author of *Wicked Pairing* free verse with over three hundred pages of black-and-white watercolor illustrations, *Mary's Monster* is a unique and stunning biography of Mary Shelley, the pregnant teenage runaway who became one of the greatest authors of all time. Legend is correct that Mary Shelley began penning *Frankenstein* in answer to a dare to write a ghost story. What most people don't know, however, is that the seeds of her novel had been planted long before that night. By age nineteen, she had been disowned by her family, was living in scandal with a married man, and had lost her baby daughter just days after her birth. Mary poured her grief, pain, and passion into the powerful book still revered two hundred years later, and in *Mary's Monster*, author/illustrator Lita Judge has poured her own passion into a gorgeous book that pays tribute to the life of this incredible author. [Parrot in the Oven](#) - Victor Martinez 2013-06-11

Perico, or parrot, was what Dad called me sometimes. It was from a Mexican saying about a parrot that complains how hot it is in the shade, while all along he's sitting inside an oven and doesn't know it.... For Manuel Hernandez, the year leading up to his test of courage, his initiation into a gang, is a time filled with the pain and tension, awkwardness and excitement of growing up in a crazy world. His dad spends most of his time and money at the local pool hall; his brother flips through jobs like a thumb through a deck of cards; and his mom never stops cleaning the house, as though one day the rooms will be so spotless they'll disappear into a sparkle, and she'll be free. Manny's dad is always saying that people are like money—there are million- and thousand- and hundred-dollar people out there, and to him, Manny is just a penny. But Manny wants to be more than a penny, smarter than the parrot in the oven. He wants to find out what it means to be a vato firme, a guy to respect. In this beautifully written novel, Victor Martinez gives readers a vivid portrait of one Mexican-American boy's life. Manny's story is like a full-color home movie—sometimes funny, sometimes sad, but always intensely original. For Manuel Hernandez, the year leading up to his test of courage, his initiation into a gang, is a time filled with the pain and tension, awkwardness and excitement of growing up in a mixed-up, crazy world. Manny's dad is always calling him el perico, or parrot. It's from a Mexican saying about a parrot that complains how hot it is in the shade while all along he's sitting inside the oven and doesn't know it.
