The Uniform Commercial Code Made Easy -

Robert M. LeVine 2010-10

The Uniform Commercial Code Made Easy

marks the first time in the history of legal education that a novel has been used as a vehicle for delivering the content of a substantive body of law; in this case, a pervasive statutory scheme The Uniform Commercial Code, law in all fifty states. Mirroring the factual assumptions upon which the UCC was drafted, The Uniform Commercial Code Made Easy places the application of these laws in concrete and interesting commercial settings where they come to life. Logical reader questions are anticipated, and answered through a variety of communication channels uniquely available to the format chosen: dialogue, memoranda of law, texting and emails, are illustrative. If you are in business, the Uniform Commercial Code directly, impacts your business hundreds, perhaps thousands of times per day. Virtually every phase of a transaction in goods, from sale or lease through financing, is impacted by the laws of the UCC. Of particular significance are those provisions which can literally save a business

from going under. These potential landmines need to be identified before they are stepped on. The Uniform Commercial Code Made Easy accomplishes this important task. Consumers should understand the basic laws that surround and govern their purchases, leases, and financing of goods. They should also understand, as should businesses, the impact of signing a promissory note, how the transfer of that note can affect one's rights, and how to protect one's rights when promissory notes are executed. Understanding how to protect your rights in these transactions is both empowering and essential. The mass and complexity of the Uniform Commercial Code has made comprehension and learning the content very challenging. The ease of learning is greatly enhanced by the approach utilized in The Uniform Commercial Code Made Easy. As one prominent attorney and author wrote in a recently published book review: Yes, Virginia, there is a Santa Claus! In this case, he comes in the form of former University of Miami School of

Law professor Robert M. LeVine, who has made one of the most complicated bodies of law in the United States the Uniform Commercial Code not only comprehensible but entertaining. Tom Shuck, Esq. Past President, Federal Bar Association Federal Bar Association Journal, August 2111 Law students, business students, and CPA's must know the Uniform Commercial Code. It is essential to graduate from law school and is on the bar examination of every state, and the CPA examination as well. The following are illustrative of testimonials received on The Uniform Commercial Code Made Easy: It's true. The UCC is just as daunting as it looks, and this book is the key to unlocking its mysteries. Infused with practicality, The Uniform Commercial Code Made Easy combines every day transactions with straightforward law, allowing students to not only navigate the UCC with ease, but also develop a lasting understanding of the material. The Uniform Commercial Code Made Easy's revolutionary

approach to the UCC has extensive application both in and out of the classroom as a resource for professors and a study aid for students. The Uniform Commercial Code Made Easy by LeVine was my key to success in understanding the UCC, and enjoying it! Melissa Carroll Stetson University College of Law I was amazed. I never thought it possible to make the UCC interesting but I was wrong. For once I had found a book which made me understand the meaning and interrelationships among sections, and at the same time, I enjoyed reading it. F. William Harvey JD, MBA, Wharton School of Business The knowledge contained in the Uniform Commercial Code is invaluable to anyone in business, or any American who is involved in basic consumer transactions. The Uniform Commercial Code Made Easy creates a pathway to this level in a unique and entertaining manner.

The Portable UCC - Corinne Cooper 2012
"Includes the most recent changes to Articles 2,

2A, 4A, and 9--Cover."

The Law of Contracts and the Uniform Commercial Code - Pamela Tepper 2014-07-11
THE LAW OF CONTRACTS AND THE UNIFORM COMMERCIAL CODE, 3e covers all the important features of common law contracts, as well as Article 2 of the Uniform Commercial Code in a practical, understandable, and realistic manner. Real cases demonstrate how the concepts in each chapter are applied, and the fact pattern is used throughout the chapter to demonstrate how contracts and their concepts affect our daily lives, often with unusual results. Using a fluid and interesting writing style, the author reduces contract law to its basic components and provides examples that build on other examples. Chapter summaries, review questions, exercises, a running glossary, and--new to this edition--learning objectives help your students to fully grasp this complex area of the law. United States Export Controls - John R.
Liebman 2011-11-22

There should be no question in the mind of any
exporter about the government's intention to
enforce applicable legislation and regulations.
The penalties imposed by export laws and
regulations are severe. Violations often lead
to heavy fines and, in serious cases, to

debarment from contracting with the
U.S. Government, and possibly imprisonment.
Additionally, the privilege of exporting can be
withdrawn from firms or individuals who have
violated the regulations, either for specified
periods or indefinitely. Ample resources
are devoted by the government to the detection
and prosecution of violators. The Departments of
Defense, Commerce, Homeland Security, Justice,
and the several intelligence agencies cooperate
in this endeavor. Knowing and willful violations
receive, of course, the heaviest sanctions, but
unintentional violations are by no means exempt
from penalties. Parties to an export transaction
are expected to know and comply with the
regulations. United States Export Controls, Sixth
Edition provides a reference to which exporters,
and those who work closely with them, can
refer in their daily business operations in order
to comply with the myriad export rules and
regulations. Thorough knowledge of the
regulations is essential in finding practical

solutions to export licensing problems related to specific transactions, in formulating export marketing plans to minimize the impact of controls, and in the organizing company resources to deal correctly and efficiently with both the legal requirements and the day-to-day operational demands of the export control regulations.

Anderson's Ohio Consumer Law Manual - Gregory M. Travalio 2021-04-09

Anderson's Ohio Consumer Law is ideal resource for lawyers, lenders, collectors, sellers and consumer advocates. Designed to capture the most important elements of consumer law, this convenient desk reference contains federal and state consumer statutes as well as extensive treatment of common law doctrines that are frequently invoked in consumer disputes. Plus, unlike many consumer law books, this one includes substantial coverage of both warranty law under Article 2 of the Uniform Commercial Code and the law of products liability, which are

both critically important to consumers.

Handbook of the Law Under the Uniform Commercial Code - James J. White 1980

Commercial Transactions Under the Uniform Commercial Code and Other Laws - Donald Barnett King 1997

The authors provide 4 publications on commercial law, including one comprehensive casebook & three more narrow titles focusing on specific areas of commercial transactions: Sales Law, Negotiable Instruments & Payment Systems, & Secured Transactions. Teacher's Manual available for each part.

Uniform Commercial Code - Article 9 - Robert J. D'Agostino 2015-09-16

This revised and up-to-date (including the 2010 Amendments) treatment of UCC Article 9 utilizes both diagrams and questions uniquely designed to focus the student's attention on the operative facts that determine the application of the relevant code sections. The diagrams and

accompanying commentary make plain what it is that each party to a secured transaction is attempting to accomplish or, in some instances, has failed to accomplish. Cases are edited and dissected using those diagrams and questions in order to both assist analysis of and navigate among relevant code sections. Appendix A contains a "road map" allowing the student to approach Article 9 analytically. A newly added appendix deals with the relationship between Article 9 and Agricultural Liens.

Business and Commerce Code - Texas 2009

Basic Uniform Commercial Code Teaching Materials - David G. Epstein 1988

The problems are constructed and the cases are selected and edited so students encounter only one new concept at a time. Some aspects of these subjects are regulated by federal statutes; some aspects are covered only by judicial decisions. Notwithstanding the important body of federal law and common law, the Uniform Commercial Code dominates this book.

Negotiating and Drafting Contract Boilerplate - Tina L. Stark 2003

This resource serves to educate lawyers and business professionals on how to draft the many types of "boilerplate" provisions, a legal term that refers to the standardized, one-size-fits-all

provisions of a contract. Each chapter tackles one of 20 provisions and analyzes why it is important, the key legal and business issues raised, and how to draft the provision to suit a particular transaction. Such analysis not only helps readers better understand how to draft these provisions in their contracts, but also helps them better understand the other party's process.
