2020 - Scarlet Books 2019-12-02

Great design and easy to use, daily planner / diary for keeping track of your daily tasks and appointments

The Company Daughters - Samantha Rajaram 2020-10-30

'Blew my mind... so magically written and most of all that it is based on true events... a hard-hitting, soul-crushing book... I loved every moment of it... immersive, heart-wrenching, I feel emotional writing this review.' Goodreads reviewer, 5 stars Wanted: Company Daughters. Virtuous young ladies to become the brides of industrious settlers in a foreign land. The Company will pay the cost of the lady's dowry and travel. Returns not permitted, orphans preferred. Amsterdam, 1620. Jana Beil has learned that life rarely provides moments of joy. Having run away from a violent father, her days are spent searching for work in an effort to stay out of the city brothels, where desperate women trade their bodies for a mouthful of bread. But when Jana is hired as a servant for the wealthy and kind Master Reynst and his beautiful daughter Sontje, Jana's future begins to look brighter. Then Master Reynst loses his fortune on a bad investment, and everything changes. The house is sold to creditors, leaving Jana back on the street and Sontje without a future. With no other choice, Jana and Sontje are forced to sign with the East India Company as Company Daughters: sailing to a colonial Dutch outpost to become the brides of male settlers they know nothing about. With fear in their hearts, the girls begin their journey - but what awaits them on the other side of the world is nothing like what they've been promised... Based on true history, this is a gripping and unputdownable historical novel, perfect for fans of *Girl with a Pearl Earring*, *The Miniaturist* and *The Indigo Girl*. WINNER OF THE 2021 GOLDEN CROWN LITERARY SOCIETY AWARD FOR DEBUT FICTION. FINALIST FOR THE 2021 BISEXUAL BOOK AWARDS. LONGLISTED FOR THE 2021 HWA DEBUT CROWN AWARD. What readers are saying about *The Company Daughters*: 'Blew my mind... a book I've told so many people about purely because I'm still in disbelief that it exists, that it's so magically written and most of all that it is based on true events... a hard-hitting, soul-crushing book of a woman's struggle to survive... I loved every moment of it. Breathlessly, and in a way that took up my entire brain... immersive, heart-wrenching, and I feel emotional writing this review.' Goodreads reviewer, 5 stars 'From the moment I started reading *The Company Daughters*, I was captivated by this historical tale. Although it does contain a love story, it's not a romance... This was a gripping read.' Goodreads reviewer 'This book is so stunningly tender and beautiful, all mixed in with some seriously tragic and heart-wrenching events... Rajaram is an extremely skilled writer, and I love her writing style... The themes of sisterhood and female love were so present in this book and I found it very moving.' Goodreads reviewer 'I was enchanted by this book! It's a delightful read that will have your emotions all over the place.' Goodreads reviewer 'I love historical fiction, and this book touched on a topic and time I knew nearly nothing about... There's love, there's loss, there's surviving, there's thriving... It was a very beautiful book.' Goodreads reviewer 'The Company Daughters is a beautifully written love story... a perfect example of the power of human will and the endurance and hope that love can give a person.' Goodreads reviewer, 5 stars 'This book has a beauty and grace to it. The author's writing just flows off the page, and although there are struggles and upsets by the time you close the book over you are filled with a warm glow.' Goodreads reviewer 'A powerful and insightful read. I look forward to reading more historical work by Samantha Rajaram!' Goodreads reviewer 'Heartbreaking... a moving book... vivid, with amazing characters... This is a great read.' Goodreads reviewer

Veto Messages of the Presidents of the United States - President Poore United States 2019-03-07

This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work was reproduced from the original artifact, and remains as true to the original work as possible. Therefore, you will see the original copyright references, library stamps (as most of these works have been housed in our most important libraries around the world), and other notations in the work. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

Linguistic Reconstruction - Anthony Fox 1995

How and why are languages constantly changing? Historical linguistics seeks to find out by going beyond the history of individual languages to discover the general principles which underlie language change. But our evidence is severely limited. Most of the world's languages are still unwritten, and even in areas with long written traditions, such as Europe and the Near East, documentary evidence stretches only a little way back along the path of the historical development of languages. How, then, can we uncover our long linguistic prehistory, and what can it tell us about language change? This new book, the first in the major new series, *Oxford Textbooks in Linguistics*, is an accessible general guide for students with an elementary knowledge of linguistics to the methods and theoretical bases of linguistic reconstruction. Fox provides a comprehensive survey both of orthodox techniques and of newer, less well established principles such as the application of linguistic universals and language typology, and quantitative techniques.

The Last Vispo Anthology - Crag Hill 2012-11-03

This book collects experimental "visual poetry." With *The Last Vispo Anthology*, Fantagraphics spotlights the intersection of art and language in this innovative new collection — without peer in English — that gathers the work of visual poets from around the world into one stunning volume. The alphabet is turned on its head and inside-out and the results culminate in a compilation of daring and surprising verbo-visual gems. *The Last Vispo* is composed of visual poetry (a portmanteau of the words "visual" and "poetry") from the years 1998 to 2008, during a burst of creative activity fueled by file sharing and e-mail, which made it possible for the vispo community to establish a more heightened and sophisticated dialogue with one another. The collection extends the dialectic between art and literature that began with ancient "shaped text," medieval pattern poetry, and dada typography, pushing past the concrete poetics of the 1950s and the subsequent mail art movement of the 1980s to its current incarnation. Rather than settle into predictable, unchallenged patterns, this vibrant poetry seizes new tools to expand the body of work that inhabits the borderlands of visual art and poetic language. *The Last Vispo* features 148 contributors from 23 countries on five continents. It includes 12 essays that illuminate the abundant history and the state of vispo today. The anthology offers a broad amalgam of long-time practitioners and poets new to visual poetry over the last decade, underscoring the longevity and the continued vitality of the art form.

The Leafly Guide to Cannabis - The Leafly Team 2017-12-05

A savvy connoisseur's guide from the editors of the world's most popular cannabis platform. Cannabis is at the very beginning of a craft and educational renaissance. It is emerging from the legislative shadows and

a second awakening is occurring: people are proactively seeking information about how to properly consume and enjoy it. And cannabis is a wildly diverse product, even more so than alcohol. Consumers can experience not only different flavor profiles, but also different cerebral and body effects; they can consume using different methods, from vaporization to combustion to topical application; and they can pick and choose between an ever-growing number of different strains and products. THE LEAFLY GUIDE TO CANNABIS provides all the best tips to navigating this growing market in a definitive guide that will enhance every user's enjoyment and high.

Every Time a Bell Rings - Barbara Ankrum 2019-11-18

Once upon a time, he was everything to her, except for one thing: her future Christmas sparkles from every bough and window at the cozy Four Winds Ski Resort, where single mother Eden Kendall and her eight-year-old son are spending the holiday. A surprise marriage proposal from her boss's son wasn't on her Christmas list, but it's the perfect excuse to get away and weigh her options. She never imagined her son's ski instructor/Santa impersonator would be the gorgeous, charismatic dreamer she left behind years ago, the one who still owns a piece of her heart. Cole Hagan has never stopped loving Eden and he's spent the last eight years proving her wrong on every count about his potential. While he fights to save the resort that he helped to build by organizing a holiday concert, he decides it's about time that Eden puts aside her list-making pragmatism so that she and her skeptical son can experience the true magic of Christmas. Can a not-so-perfect angel help this unlikely pair get a second chance at happily ever after?

Understanding Torts - John L. Diamond 2013

This Understanding treatise is the perfect complement to first-year tort courses and is suitable for use with any tort casebook. Concise and authoritative, Understanding Torts features: Comprehensive and up-to-date coverage of intentional torts, privileges, negligence, cause-in-fact, proximate cause, defenses, joint and several liability, damages, strict liability, products liability, economic torts, malicious prosecution, abuse of process, defamation and invasion of privacy. Judicious use of footnotes to provide full, but not overwhelming, primary and secondary support for textual propositions. Clear organization and writing to enhance understanding of basic concepts and major cases covered in a torts course. In-depth analysis of topics that generate the greatest confusion and controversy. Professors and adjunct professors may request complimentary examination copies of LexisNexis law school publications to consider for class adoption or recommendation. Please identify the book(s) you wish to receive, provide your institutional contact information, and submit your request here.

Be Here Tomorrow - 1-800-273-8255 - Engy Publishing 2019-12-07

If you are looking for a present to give to a car enthusiast or to someone who just takes the best care of their car, this log book is a perfect tool to help you keep track of your mileage and expenses. It is neat and well organized, which makes a great gift for anyone not only to record daily mileage for work, but also to keep track of vehicle information. It can be used for tax deduction purposes or simply to keep track of gas mileage and expenses. Keeping a great record to makes your car easier to sell.

Southern School Journal - 1900

Each month, you'll practice virtues like patience, respect, and generosity that will focus your mind and heart, creating fulfillment and contentment. Both inviting and motivating, Daily Kindness invites you to reflect on life's big and small moments, providing a way to embrace new ideas--and enrich your life every day of the year.

Blowout! - Mario T. García 2011-03-21

In March 1968, thousands of Chicano students walked out of their East Los Angeles high schools and middle schools to protest decades of inferior and discriminatory education in the so-called "Mexican Schools." During these historic walkouts, or "blowouts," the students were led by Sal Castro, a courageous and charismatic Mexican American teacher who encouraged the students to make their grievances public after school administrators and school board members failed to listen to them. The resulting blowouts sparked the beginning of the urban Chicano Movement of the late 1960s and early 1970s, the largest and most widespread civil rights protests by Mexican Americans in U.S. history. This fascinating testimonio, or oral history, transcribed and presented in Castro's voice by historian Mario T. Garcia, is a compelling, highly readable narrative of a young boy growing up in Los Angeles who made history by his leadership in the blowouts and in his career as a dedicated and committed teacher. Blowout! fills a major void in the history of the civil rights and Chicano movements of the 1960s, particularly the struggle for educational justice.

2020 My Handbook - CICI Calendar 2019-12-24

2020 My Handbook: 5"X 8"(can be carried with you), 168 pages, Pink-lady series . There are a lot of blank pages for planning and writing. Bad Love Strikes - Kevin L. Schewe 2019-09-16

In October 1939, Albert Einstein warns President Franklin D. Roosevelt that Nazi Germany is actively pursuing an atomic bomb and urges him to make sure that the United States develops the bomb first. Roosevelt heeds the warning and launches the "Manhattan Project" in June 1942.

Wreck Me Forever - Lila Rose 2020-06-28

Lucas Storey's life is all about college, studying, and finishing his medical degree. That's until he moves in with his older brother and meets his motorcycle club friends. Only, new people make Lucas nervous, almost to the extent of peeing himself, but he soon realizes they're great people and will accept him as he is. Now, if only he can stop thinking of a certain grumpy biker, things will be good. Never before has Wade "Wreck" Williams noticed the same sex, or at least not until Lucas crashes into their lives. And notice Lucas he does. But that's not all. He wants to get to know the man, and he kind of likes looking at Lucas too. None of it makes sense, and Wreck will fight it for that reason alone. When Lucas thinks he can go out with a someone who's not Wreck-and jealously rears its ugly head to a point Wreck just has to step in-it's clear that he may just be wrecked forever.

Meow Libs - Mad Libs 2015-05-26

2020 Planner Weekly and Monthly - Creative Publishing Press 2019-12-17

Perfect for someone who loves butterflies

For Better or For Worse? Collaborative Couples in the Sciences - Annette Lykknes 2012-06-05

In this volume, a distinguished set of international scholars examine the nature of collaboration between life partners in the sciences, with

particular attention to the ways in which personal and professional dynamics can foster or inhibit scientific practice. Breaking from traditional gender analyses which focus on divisions of labor and the assignment of credit, the studies scrutinize collaboration as a variable process between partners living in the nineteenth and twentieth centuries who were married and divorced, heterosexual and homosexual, aristocratic and working-class and politically right and left. The contributors analyze cases shaped by their particular geographical locations, ranging from retreat settings like the English countryside and Woods Hole, Massachusetts, to university laboratories and urban centers in Berlin, Stockholm, Geneva and London. The volume demonstrates how the terms and meanings of collaboration, variably shaped by disciplinary imperatives, cultural mores, and the agency of the collaborators themselves, illuminate critical intellectual and institutional developments in the modern sciences.

Training of Teachers of Elementary and Secondary Mathematics - International Commission on the Teaching of Mathematics 1911

Developing Intelligent Agent Systems - Lin Padgham 2005-06-24

Build your own intelligent agent system... Intelligent agent technology is a tool of modern computer science that can be used to engineer complex computer programmes that behave rationally in dynamic and changing environments. Applications range from small programmes that intelligently search the Web buying and selling goods via electronic commerce, to autonomous space probes. This powerful technology is not widely used, however, as developing intelligent agent software requires high levels of training and skill. The authors of this book have developed and tested a methodology and tools for developing intelligent agent systems. With this methodology (Prometheus) developers can start agent-oriented designs and implementations easily from scratch saving valuable time and resources. Developing Intelligent Agent Systems not only answers the questions "what are agents?" and "why are they useful?" but also the crucial question: "how do I design and build intelligent agent systems?" The book covers everything a practitioner needs to know to begin to effectively use this technology - including an introduction to the notion of agents, a description of the concepts involved, and a software engineering methodology. Read on for: a practical step-by-step introduction to designing and building intelligent agent systems. a full life-cycle methodology for developing intelligent agent systems covering specification, analysis, design and implementation of agents. PDT: Prometheus Design Tool - software support for the Prometheus design process. the example of an electronic bookstore to illustrate the design process throughout the book. Electronic resources including the Prometheus Design Tool (PDT), can be found at: <http://www.cs.rmit.edu.au/agents/prometheus> This book is aimed at industrial software developers, software engineers and at advanced undergraduate students. It assumes knowledge of basic software engineering but does not require knowledge of Artificial Intelligence or of mathematics. Familiarity with Java will help in reading the examples in chapter 10.

2019 Weekly Planner - Atkins Avenue Atkins Avenue Books 2018-11-20

This weekly planner will help you stay organized. No more missed appointments! See everything you need to do in a clear, orderly fashion. This planner will simplify your life! January 1, 2019 - December 31, 2019; one week per page (days & dates); includes spaces for "priorities" and "to do"; soft cover, glossy finish; measures 8" x 10"

The Book of L - G. Rozenberg 2012-12-06

This book is dedicated to Aristid Lindenmayer on the occasion of his 60th birthday on November 17, 1985. Contributions range from mathematics and theoretical computer science to biology. Aristid Lindenmayer introduced language-theoretic models for developmental biology in 1968. Since then the models have been customarily referred to as L systems. Lindenmayer's invention turned out to be one of the most beautiful examples of interdisciplinary science: work in one area (developmental biology) induces most fruitful ideas in other areas (theory of formal languages and automata, and formal power series). As evident from the articles and references in this book, the interest in L systems is continuously growing. For newcomers the first contact with L systems usually happens via the most basic class of L systems, namely, DOL systems. Here "0" stands for zero context between developing cells. It has been a major typographical problem that printers are unable to distinguish between 0 (zero) and 0 (oh). Thus, DOL was almost always printed with "oh" rather than "zero", and also pronounced that way. However, this misunderstanding turned out to be very fortunate. The wrong spelling "DOL" of "DOL" could be read in the suggestive way: DO

L Indeed, hundreds of researchers have followed this suggestion. Some of them appear as contributors to this book. Of the many who could not contribute, we in particular regret the absence of A. Ehrenfeucht, G. Herman and H.A. Maurer whose influence in the theory of L systems has been most significant.

25 Diary Starters - D. T 2019-08-21

25 diary starters for school children to get creative. Give them an idea and watch them grow! Encourage young people to write more. Whether they are learning English, or practicing their creativity, this book will encourage and nurture their potential. Lots of ways to start writing a creative diary or journal. Give writers a helping hand with these sentence starters.
