A History of Modern Wales - David Williams 1950

History Grounded - Elin Jones 2021-09-30

In this book, historian Elin Jones shows us that evidence for the past is to be seen everywhere in Wales today. She takes us on a visual journey through over 5,000 years of history, and around every part of Wales. A must read history of Wales for every school, learner and teacher. Also available in Welsh: Hanes yn y Tir.

The Age of Conquest - R. R. Davies 2000

This classic study examines the period when Wales struggled to retain its independence and identity in the face of Anglo-Norman conquest and subsequent English rule. Professor Davies explores the nature of power and conflict within native Welsh society as well as the transformation of Wales under the English crown. An account of the last major revolt under Owain Glyn Dwr forms the culmination of this excellent work.

A History of Wales from the Earliest Times to the Edwardian Conquest - Sir John Edward Lloyd 1911

Wales - David Ross 2014-07

This worl explains how Wales developed from its Celtic origins, through its joining the Union and its social, political and industrial development from then through to the modern age.

The Agrarian History of England and Wales: Volume 3, 1348-1500 - Edward Miller 1991-07-18

The third volume of The Agrarian History of England and Wales, which was first published in 1991, deals with the last century and a half of the Middle Ages. It concerns itself with the new demographic and economic circumstances created in large measure by endemic plague.

The History of Wales - William Warrington 1786

Wales since 1939 - Martin Johnes 2013-01-18

The period since 1939 saw more rapid and significant change than any other time in Welsh history. Wales developed a more assertive identity of its own and some of the apparatus of a nation state. Yet its economy floundered between boom and bust, its traditional communities were transformed and the Welsh language and other aspects of its distinctiveness were undermined by a globalizing world. Wales was also deeply divided by class, language, ethnicity, gender, religion and region. Its people grew wealthier, healthier and more educated but they were not always happier. This ground-breaking book examines the story of Wales since 1939, giving voice to ordinary people and the variety of experiences within the nation. This is a history of not just a nation, but of its residents' hopes and fears, their struggles and pleasures and their views of where they lived and the wider world.

Wales and the Britons, 350-1064 - T. M. Charles-Edwards 2013

The most detailed history of the Welsh from Late-Roman Britain to the eve of the Norman Conquest.

Integrates the history of religion, language, and literature with the history of events.

Medieval Wales c.1050-1332 - David Stephenson 2019-03-15

After outlining conventional accounts of Wales in the High Middle Ages, this book moves to more radical approaches to its subject. Rather than discussing the emergence of the March of Wales from the usual perspective of the 'intrusive' marcher lords, for instance, it is considered from a Welsh standpoint explaining the lure of the March to Welsh princes and its contribution to the fall of the native principality of

Wales. Analysis of the achievements of the princes of the twelfth and thirteenth centuries focuses on the paradoxical process by which increasingly sophisticated political structures and a changing political culture supported an autonomous native principality, but also facilitated eventual assimilation of much of Wales into an English 'empire'. The Edwardian conquest is examined and it is argued that, alongside the resultant hardship and oppression suffered by many, the rising class of Welsh administrators and community leaders who were essential to the governance of Wales enjoyed an age of opportunity. This is a book that introduces the reader to the celebrated and the less well-known men and women who shaped medieval Wales.

10 Stories from Welsh History (That Everyone Should Know) - Ifan Morgan Jones 2021-03-15

A highly visual and factual book with the aim of encouraging children to discover and learn more about 10 stories from Welsh history. Includes:-(1) Gwenllian Ferch Gruffudd (2) Owain Glyndŵr (3) Black Bart (4) Dic Penderyn / Merthyr Rising (5) Alfred Russel Wallace(6) Penrhyn Strike (7) Race Riots 20th Century (8) Eileen Beasley(9) Aberfan (10) Devolution

A History of Christianity in Wales - David Ceri Jones 2022-02-15

A one-volume history of Christianity in Wales, from its Roman origins to the present.

The History of Wales - William Warrington 1823

The Story of Wales - Jon Gower 2012-02-09

The Story of Wales is a vibrant portrait of 30,000 years of power, identity and politics. Revisiting major turning points in Welsh history, from its earliest settlements to the present day, Jon Gower re-examines the myths and misconceptions about this glorious country, revealing a people who have reacted with energy and invention to changing times and opportunities. It's a story of political and industrial power, economic and cultural renewal- and a nation of seemingly limitless potential. The Story of Wales is an epic account of Welsh history for a new generation.

A History of Wales - John Davies 2007-01-25

Stretching from the Ice Ages to the present day, this masterful account traces the political, social and cultural history of the land that has come to be called Wales. Spanning prehistoric hill forts and Roman ruins to the Reformation, the Industrial Revolution and the series of strikes by Welsh miners in the late twentieth century, this is the definitive history of an enduring people: a unique and compelling exploration of the origins of the Welsh nation, its development and its role in the modern world. This new edition brings this remarkable history into the new era of the Welsh Assembly.

The Medieval Castle in England and Wales - Norman J. G. Pounds 1994

This original and pioneering book examines the role of the castle in the Norman conquest of England and in the subsequent administration of the country. The castle is seen primarily as an instrument of peaceful administration which rarely had a garrison and was more often where the sheriff kept his files and employed his secretariat. In most cases the military significance of the castle was minimal, and only a very few ever saw military action. For the first time, the medieval castle in England is seen in a new light which will attract the general reader of history and archaeology as much as the specialist in economic and social history.

The History of Wales in Twelve Poems - M. Wynn Thomas 2021-09-15

Down the centuries, poets have provided Wales with a window onto its own distinctive world. This book

gives a sense of the view seen through that special window in twelve illustrated poems, each bringing very different periods and aspects of the Welsh past into focus. Together, they give the flavour of a poetic tradition, both ancient and modern, in the Welsh language and in English, that is internationally renowned for its distinction and continuing vibrancy.

The Agrarian History of England and Wales: Volume 4, 1500-1640 - Joan Thirsk 1967-04

Volume IV of the Agrarian History (1967) examines farming in Tudor and early Stuart England and Wales.

The History of Wales - J. Graham Jones 1990

Welsh History - Geoff Brookes 2017-07-03

Sir John Pryce of Newtown Hall died in 1761. He kept the embalmed bodies of his first two wives on either side of his bed--until his third wife insisted that they were removed. America is named after a Welshman, and the Holy Grail is kept in a bank vault in West Wales . . . This book contains hundreds of "strange but true" facts and anecdotes about Welsh history. Arranged into a miniature history of Wales, and with true tales for every era, it will fascinate readers everywhere.

A Little Gay History of Wales - Daryl Leeworthy 2019-09-15

A Little Gay History of Wales tells the compelling story of Welsh LGBT life from the Middle Ages to the present day. Drawing on a rich array of archival sources from across Britain, together with oral testimony and material culture, this pioneering study is the first to examine the experiences of ordinary LGBT men and women, and how they embarked on coming out, coming together and changing the world. This is the story of poets who wrote about same-sex love and translators who worked to create a language to describe it; activists who campaigned for equality and politicians who created the legislation providing it; teenagers ringing advice lines for guidance on coming out, and revellers in the pioneering bars and clubs on a Friday and Saturday night. It is also a study of prejudice and of intolerance, of emigration and isolation, of HIV/AIDS and Section 28 - all features of the complex historical reality of LGBT life and same-sex desire. Engaging and accessible, absorbing and perceptive, this book is an important advance in our understanding of Welsh history.

A Short History of Wales - Sir Owen Morgan Edwards 1907

Wales - Dai Smith 1999

The election of a Welsh Assembly gives democracy, politics and civic society in Wales the opportunity of a new impetus, which can be best understood - and best guided - by enquiring of what has passed in the last century of Welsh history. Leading historian Dai Smith has fully revised his book *Wales! Wales?* to take Welsh history to the millennium and produce 'a history fit for use.' The great renaissance in Welsh history prompts the question of what has been left unsaid, and of the relationship between political, cultural and social histories. The vexed issue of 'Heritage' - a growing concern in these information-hungry, leisure-oriented times - is also addressed. What dangers are involved producing and marketing a heritage? How is a vital sense of self retained in the face of the commercialisation of culture; is Heritage a recipe for amnesia rather than consciousness?

A History of Wales, 1660-1815 - Evan David Evans 1976

A History of Wales 1660-1815 is the second volume of a trilogy on the history of Wales from 1485 to 1906. Beginning with the political activity of the period, the author traces developments in education, the religious explosion of the Methodist Revival, the roots of industrial growth, the rhythms of agricultural life, the stirrings of Welsh Radicalism and the strands which made up the cultural revival of the eighteenth century.

A History of South Africa - Frank Welsh 2000

As it moves uncertainly towards the implementation of a more democratic society, South Africa - as so often in the past - is the focus of worldwide attention. Despite the optimism which followed the dismantling of the apartheid system and the election as president of Nelson Mandela, the country's history, racial mix and rapid recent political changes may yet foreshadow a turbulent future.

Readings in Welsh History - Ernest Rhys 1901

Brittle with Relics - Richard King 2022-02-22

Brittle with Relics is a landmark history of the people of Wales during a period of great national change. 'Richly humane, viscerally political, generously multi-voiced, *Brittle with Relics* is oral history at its revelatory best.' DAVID KYNASTON 'Fascinating.' OBSERVER 'Powerful.' LITERARY REVIEW 'Inspired.' GUARDIAN *Brittle with Relics* is a vital history of Wales undergoing some of the country's most seismic and traumatic events: the disasters of Aberfan and Tryweryn; the rise of the Welsh language movement; the Miners' Strike and its aftermath; and the narrow vote in favour of partial devolution. Drawing upon the voices of its inhabitants - including Neil Kinnock, Rowan Williams, Leanne Wood, Gruff Rhys, Michael Sheen, Nicky Wire, Sian James, language activists, members of former mining communities and many more - this is a vivid portrait of a nation determined to survive, while maintaining the hope that Wales will one day thrive on its own terms. 'Passionate.' HISTORY TODAY 'Compels attention.' IRISH TIMES 'Superb.' DAILY TELEGRAPH 'A testament to the brutal circumstances that bonded the communities of Wales into a new polity for the 21st century.' GRUFF RHYS 'This book is a guide to remembering who we can be when we work together.' GWENNO SAUNDERS 'An essential telling of Welshness that contains a powerful reflection of Englishness, too.' EMMA WARREN

Wales, the Welsh and the Making of America - Vivienne Sanders 2021-07-15

In 1971, Californian congressman Thomas M. Rees told the US House of Representatives that 'very little has been written of what the Welsh have contributed in all walks of life in the shaping of American history'. This book is the first systematic attempt to both recount and evaluate the considerable yet undervalued contribution made by Welsh immigrants and their immediate descendants to the development of the United States. Their lives and achievements are set within a narrative outline of American history that emphasises the Welsh influence upon the colonists' rejection of British rule, and upon the establishment, expansion and industrialisation of the new American nation. This book covers both the famous and the unsung who worked and fought to acquire greater prosperity and freedom for themselves and for their nation.

The Heroines of Welsh History - Thomas Jeffery Llewelyn Prichard 1854

The History and Topography of Ireland - Gerald of Wales 2006-06-29

Gerald of Wales was among the most dynamic and fascinating churchmen of the twelfth century. A member of one of the leading Norman families involved in the invasion of Ireland, he first visited there in 1183 and later returned in the entourage of Henry II. The resulting *Topographia Hiberniae* is an extraordinary account of his travels. Here he describes landscapes, fish, birds and animals; recounts the history of Ireland's rulers; and tells fantastical stories of magic wells and deadly whirlpools, strange creatures and evil spirits. Written from the point of view of an invader and reformer, this work has been rightly criticized for its portrait of a primitive land, yet it is also one of the most important sources for what is known of Ireland during the Middle Ages.

A Short History of Wales - Sir Owen Morgan Edwards 1907

A Concise History of Wales - Geraint H. Jenkins 2007

Based on the most recent historical research and current debates about Wales and Welshness, this volume offers the most up-to-date, authoritative and accessible account of the period from Neanderthal times to the opening of the Senedd, the new home of the National Assembly for Wales, in 2006. Within a remarkably brief and stimulating compass, Geraint H. Jenkins explores the emergence of Wales as a nation, its changing identities and values, and the transformations its people experienced and survived throughout the centuries. In the face of seemingly overwhelming odds, the Welsh never reconciled themselves to political, social and cultural subordination, and developed ingenious ways of maintaining a distinctive sense of their otherness. The book ends with the coming of political devolution and the emergence of a greater measure of cultural pluralism. Professor Jenkins's lavishly illustrated volume provides enthralling material for scholars, students, general readers, and travellers to Wales.

The History of Wales - J. Graham Jones 2014

This highly successful guide has been revised and expanded. It traces the main outlines of the history of Wales from the settlements by the Celts to the invasion by Romans and Normans, the conquest by Edward I

of England, the passage of the Acts of Union, the impact of the Reformation, Puritanism and Methodism, the effects of the Agrarian and Industrial Revolutions, and the changes in political, social and economic life in the nineteenth, twentieth, and twenty-first centuries. Succinct biographies of prominent figures, descriptions of some major historical sites, a glossary of terms and a list of important dates are included, making this an ideal introductory study for the general reader.

The History of Wales - John Graham Jones 2014-11-15

This is a popular history based on a rich array of published sources on the history of Wales, spanning the period from the earliest cave dwellers to burgeoning devolution in Cardiff Bay. Written accessibly and well-illustrated, this book is sure to appeal to a broad readership, both academic and lay. As the only concise history of Wales currently available in print, it is an ideal introduction for the general reader.

Wales Since 1939 - Martin Jones 2012-03-15

The period since 1939 has seen more rapid and significant change than any other time in Welsh history. Wales has developed a more assertive identity of its own and some of the apparatus of a nation state. Yet its economy has floundered between boom and bust, its traditional communities have been transformed, and the Welsh language and other aspects of its distinctiveness have been undermined by a globalizing world. Wales has also been deeply divided by class, language, ethnicity, gender, religion, and region. Its people have grown wealthier, healthier, and more educated but they have not always been happier. This ground-breaking book examines the story of Wales since 1939, giving voice to ordinary people and the variety of experiences within the nation. This is a history of not just a nation, but of its residents' hopes and fears, their struggles and pleasures, and their views of where they live and the wider world.

The history of Wales - John Jones 1824

Wales, a History - Gwynfor Evans 1974

Travels through Celtic and Roman Wales, through the Norman era and the rise of Glyndwr to present times. For anyone interested in the conflicts and aspirations evident in Wales in the second half of the twentieth century, this volume is a necessity.

A History of Wales - John Davies 2007-01-25

Traces the political, social, and cultural history of Wales, from prehistoric hill forts and Roman ruins to the Reformation and the establishment of the National Assembly.

When was Wales? - Gwyn A. Williams 1985

Why Wales Never Was - Simon Brooks 2017-06-01

Written as an act of protest in a Welsh-speaking community in north-west Wales, *Why Wales Never Was* combines a devastating analysis of the historical failure of Welsh nationalism with an apocalyptic vision of a non-Welsh future. It is the 'progressive' nature of Welsh politics and the 'empire of the civic', which rejects both language and culture, that prevents the colonised from rising up against his colonial master. Wales will always be a subjugated nation until modes of thought, dominant since the nineteenth century, are overturned. Originally a comment on Welsh acquiescence to Britishness at the time of the 2014 Scottish independence referendum, the book's emphasis on the importance of European culture is a parable for Brexit times. Both deeply rooted in Welsh culture and European in scope, *Why Wales Never Was* brings together history, philosophy and politics in a way never tried before in Wales. First published in Welsh in 2015, *Why Wales Never Was* affirms the author's reputation as one of the most radical writers in Wales today.
