I Can See Clearly Now - Dr. Wayne W. Dyer 2015-02-24

For many years, Dr. Wayne W. Dyer's fans have wondered when he would write a memoir. Well, after four decades as a teacher of self-empowerment and the best-selling author of more than 40 books, Wayne has finally done just that! However, he has written it in a way that only he can—with a remarkable take-home message for his longtime followers and new readers alike—and the result is an exciting new twist on the old format. Rather than a plain old memoir, Wayne has gathered together quantum-moment recollections. In this revealing and engaging book, Wayne shares dozens of events from his life, from the time he was a little boy in Detroit up to present day. In unflinching detail, he relates his vivid impressions of encountering many forks in the road, taking readers with him into these formative experiences. Yet then he views the events from his current perspective, noting what lessons he ultimately learned, as well as how he has made the resulting wisdom available to millions via his lifelong dedication to service. As a reader, you will feel as if you are right there with Wayne, perusing his personal photo album and hearing about his family, his time in the service, how he writes his best-selling books, and so much more. In the process, you'll be inspired to look back at your own life to see how everything you have experienced has led you to where you are right now. Wayne has discovered that there are no accidents. Although we may not be aware of who or what is "moving the checkers," life has a purpose, and each step of our journey has something to teach us. As he says, "I wasn't aware of all of the future implications that these early experiences were to offer me. Now, from a position of being able to see much more clearly, I know that every single encounter, every challenge, and every situation are all spectacular threads in the tapestry that represents and defines my life, and I am deeply grateful for all of it." *I Can See Clearly Now* is an intimate look at an amazing teacher, but it also holds the key for seekers on a personal path of enlightenment. Wayne offers up his own life as an example of how we can all recognize the hand of the Divine steering our individual courses, helping us accomplish the mission we came here to fulfill.

Wisdom of the Ages - Wayne W. Dyer 2009-03-17

National Bestseller This inspiring book by Wayne Dyer, author of the bestselling classics *Your Erroneous Zones* and *Pulling Your Own Strings*, delves into the teachings of intellectuals of our past to mine values and wisdom for the present. "What do our ancestral scholars, whom we consider the wisest and most spiritually advanced, have to say to us today?" asks Dyer. The answer lies in this powerful collection of writings, poems, and sayings by some of the greatest thinkers of the past twenty-five centuries. In succinct original essays, Dyer sets out to explain the meaning and context of each piece of wisdom, and, most important, to explain how we can actively apply these teachings to our modern lives. From sixty ancestral masters - Buddha, Michelangelo, Rumi, Whitman, Jesus, Emily Dickinson, and Emerson, among others - here are treasured passages on a variety of subjects, including solitude, time, and passion. Among the contributions are words on inspiration from Pantanjali, author of the Hindu classic *Yoga Sutras*; teachings about the power of prayer from 13th-century monk St. Francis of Assisi; and thoughts about the importance of action written by Mother Teresa. The voices collected here cut across a wide range of historical eras and cultures, yet they communicate universal truths about the human experience. *Wisdom of the Ages* provides us with a marvelous dual opportunity: to receive guidance from our great ancestors and to recognize our own potential for greatness

The Four Desires - Rod Stryker 2011-07-26

"Desire is here to stay. The challenge we all face, and which I intend to guide you through, is to learn how to take into account the full measure of who you are and use the positive force of all four of your soul's desires to lead you to your best life." —Rod Stryker According to ancient Yogic tradition, your soul has four distinct desires: • The desire for purpose, the drive to become who you are meant to be • The desire for the means (money, security, health) to prosper in this world • The desire for pleasures like intimacy, beauty, and love • The desire for spiritual fulfillment and lasting freedom Learning to honor these four desires is

the key to happiness, and to a complete and balanced life. But how can you discern what will truly satisfy your desires? How can you increase your capacity to achieve them? What if your desires seem to conflict with one another? Is it really possible to live a spiritual life while also wanting material pleasures and success? For more than three decades, master teacher Rod Stryker has taught yoga in the context of its deepest philosophy. His course, called The Yoga of Fulfillment™, has helped thousands recognize their soul's call to greatness and to achieve their dreams. Now, in this wise and richly practical book, he has distilled those broad teachings into a roadmap for becoming the person you were meant to be. It is filled with revealing true stories, provocative exercises, and practices for unlocking your inner guidance. And even if you've never done a yoga pose, you can follow this step-by-step process to:

- discover your soul's unique purpose—the one you came into this world to fulfill.
- recognize the goal(s) you need to focus on at any given time and enliven your capacity to reach them.
- overcome self-defeating ideas and behavior.
- recruit your deepest energies and strengthen your resolve to meet any challenge.
- learn to live with joy at every stage of your growth.

The Four Desires is nothing less than a complete path toward living your best life possible—a life that is rich in meaning and in means, a life that attracts and emanates happiness, a life that is your unique gift to yourself and the world.

Memories of Heaven - Wayne W. Dyer 2015-10-13

Poet William Wordsworth expressed the idea that we gradually lose our intimate knowledge of heaven as we grow up, observing that 'our birth is but a sleep and a forgetting' of our previous existence in Spirit. Dr. Wayne W. Dyer and co-author Dee Garnes had often talked about how the ones who know the most about God are those who have just recently been wrapped in the arms of the Divine: our infants and toddlers. In fact, Dee had an interaction with her own young son that convinced her of his acquaintance with our Source if being. Curious about this phenomenon, Wayne and Dee decided to issue an invitation to parents all over the globe to share their experiences. The overwhelming response they received prompted them to put together this book, which includes the most interesting and illuminating of these stories in which boys and girls speak about their remembrances from the time before they were born. Children share their dialogues with God, talk about long-deceased family members they knew while in the dimension of spirit, verify past-life recollections, give evidence that they themselves had a hand in picking their own parents and the timing of their sojourn to Earth, and speak eloquently and accurately of a kind of Divine love that exists beyond this physical realm. This fascinating book encourages all of us, not just parents, to take a much more active role in communicating with our planet's new arrivals . . . and to realise that there is far more to this earthly experience than what we perceive with our five senses.

It's almost a universal law that we'll experience a fall of some kind. Yet these falls or low points provide the energy we need to move away from ego and into a life of meaning and purpose. The Shift doesn't mean that we lose our drive and ambition; it signifies that we become ambitious about something new. We make a commitment to living a life based on experiencing meaning and feeling purposeful, rather than a life based on never-ending demands and false promises that are the trademark of the ego's agenda.

Three Wishes - Kristen Ashley 2011-04-09

When Lily Jacobs was born, she inherited Fazire - a genie. Her family had three wishes and they'd only ever used one so Fazire was stuck in the human world. This worked since he'd become a member of the family anyway. Even with a genie, Lily's young life wasn't perfect. To escape the kids making her miserable at school, Lily buried herself in romance novels. One day, when the teasing was just too much, she used one of her wishes. She told Fazire she wanted to find a man like in her books and she made the most complicated wish Fazire had ever heard. Her wished-for man had to be impossibly handsome, virile, fierce, rugged and ruthless (amongst a dozen other things). He also had to think she was beautiful and he had to love her more than anything in the world. Nathaniel McAllister wasn't born to a life where there were such things as genies granting wishes. His life was filled with drugs, crime and neglect. He was running errands for a gangster before he was in his teens and, even though life and hard work led him to wealth and respectability, he always knew, deep down, he was dirty. When Nate met Lily he knew he was no good for her but as virile, fierce, rugged and ruthless as he was, Nate was no match for the pull of sweet, innocent Lily. Unfortunately, Lily's wish included that she and her hero go through trials and tribulations to test their love. And Fazire wasn't only a good genie, he loved Lily - so he gave her exactly what she wanted.

The Power of Intention - Wayne W. Dyer 2009-09

"Intention is a force in the universe, and everything and everyone is connected to this invisible force." Intention is generally viewed as a pit-bull kind of determination, propelling one to succeed at all costs by never giving up on an inner picture. In this view, an attitude that combines hard work with an indefatigable drive toward excellence is the way to succeed. However, intention is viewed very differently in this book. Dr. Wayne W. Dyer has researched intention as a force in the universe that allows the act of creation to take place. This book explores intention-not as something you do-but as an energy you're a part of. We're all intended here through the invisible power of intention. This is the first book to look at intention as a field of energy you can access to begin co-creating your life! Part I deals with the principles of intention, offering true stories and examples showing how to make the connection. Dr. Dyer identifies the attributes of the all-creating universal mind of intention as creative, kind, loving, beautiful, expanding, endlessly abundant, and receptive, explaining the importance of emulating this source of creativity. In Part II, Dr. Dyer offers an intention guide with specific ways to apply the co-creating principles in daily life. Inspiration - Wayne W. Dyer 2009-08-31

What I'm offering in this book is the awareness that we can return to a full-time position of inspiration, which is the true meaning of our life." Dr. Wayne W. Dyer.....INSPIRATION In this groundbreaking book, Dr. Wayne W. Dyer explains how we've chosen to enter this world of particles and form. From our place of origin, in ways that we don't readily comprehend now, we knew what we were coming here to accomplish, and we participated in setting this life process in motion. So why not think along these same lines? Why put the responsibility or blame on any one or any thing that's not a part of us? On Earth we have the capacity of volition we can choose so let's assume that we had the same capacity when we resided in the spiritual realm. We chose our physical body, and we chose the parents we needed for the trip. It doesn't seem too great a stretch to move into the idea that we chose this life in concert with our Source. Inspiration can be cultivated and be a driving force throughout life, rather than showing up every now and then and just as mysteriously disappearing, seemingly independent of our desires. Inspiration is for everyone! It isn't reserved for high-profile creative geniuses in the arts and sciences it's inherent in our Divine birthright. The problem is that as children we're gradually taught to believe exclusively in the world of phenomena where ego is dominant and inspiration diminished. As you read each chapter in this book, you'll find specific suggestions for living "in-Spirit." From a very personal viewpoint, Wayne offers a blueprint through the world of inspiration your ultimate calling.

Toss Out Those Tired Old Excuses...Once and for All! Within the pages of this transformational book, Dr. Wayne W. Dyer reveals how to change the self-defeating thinking patterns that have prevented you from living at the highest levels of success, happiness, and health. Even though you may know what to think, actually changing those thinking habits that have been with you since childhood might be somewhat challenging. If I changed, it would create family dramas ... I'm too old or too young ... I'm far too busy and tired ... I can't afford the things I truly want ... It would be very difficult for me to do anything differently ... and I've always been this way ... may all seem to be true, but they're in fact just excuses. So the business of modifying habituated thinking patterns really comes down to tossing out the same tired old excuses and examining your beliefs in a new and truthful light. In this groundbreaking work, Wayne presents a compendium of conscious and subconscious crutches employed by virtually everyone, along with ways to cast them aside once and for all. You'll learn to apply specific questions to any excuse, and then proceed through the steps of a new paradigm. The old, habituated ways of thinking will melt away as you experience the absurdity of hanging on to them. You'll ultimately realize that there are no excuses worth defending, ever, even if they've always been part of your life-and the joy of releasing them will resonate throughout your very being. When you eliminate the need to explain your shortcomings or failures, you'll awaken to the life of your dreams. Excuses ... Begone!
