Don't Count on It! - John C. Bogle 2010-10-26
Praise for Don't Count On It! "This collection of Jack Bogle's writings couldn't be more timely. The clarity of his thinking—and his insistence on the relevance of ethical standards—are totally relevant as we strive to rebuild a broken financial system. For too many years, his strong voice has been lost amid the cacophony of competing self-interests, misdirected complexity, and unbounded greed. Read, learn, and support Jack's mission to reform the industry that has been his life's work." —PAUL VOLCKER, Chairman of the President's Economic Recovery Advisory Board and former Chairman of the

Federal Reserve (1979–1987) "Jack Bogle has given investors throughout the world more wisdom and plain financial 'horse sense' than any person in the history of markets. This compendium of his best writings, particularly his post-crisis guidance, is absolutely essential reading for investors and those who care about the future of our society." —ARTHUR LEVITT, former Chairman, U.S. Securities and Exchange Commission "Jack Bogle is one of the most lucid men in finance." —NASSIM N.TALEB, PhD, author of The Black Swan "Jack Bogle is one of the financial wise men whose experience spans the post-World War II years. This book, encompassing his insights on financial behavior, pitfalls, and remedies, with a special focus on mutual funds, is an essential read. We can only benefit from his observations." —HENRY KAUFMAN, President, Henry Kaufman & Company, Inc. "It was not an easy sell. The joke at first was that only finance professors invested in Vanguard's original index fund. But what a triumph it has been. And what a focused and passionate drive it took: it is a zero-sum game and only costs are certain. Thank you, Jack." —JEREMY GRANTHAM, Cofounder and Chairman, GMO "On finance, Jack Bogle thinks unconventionally. So, this sound rebel turns out to be right most of the time. Meanwhile, many of us sometimes engage in self-deception. So, this book will set us straight. And in the last few pages, Jack writes, and I agree, that Peter Bernstein was a giant. So is Jack Bogle." —JEAN-MARIE EVEILLARD, Senior Adviser, First Eagle Investment Management Insights into investing and leadership from the founder of The Vanguard Group Throughout his legendary career, John Bogle-founder of the Vanguard mutual fund group and creator of the first index mutual fund-has helped investors build wealth the right way, while, at the same time, leading a tireless campaign to restore common sense to the investment world. A collection of essays based on speeches delivered to professional groups and college students in recent years, in Don't Count on It is organized around eight themes Illusion versus reality in investing Indexing to market returns Failures of capitalism The flawed structure of the mutual fund industry The spirit of entrepreneurship What is enough in business, and in life Advice to

America's future leaders The unforgettable characters who have shaped his career Widely acclaimed for his role as the conscience of the mutual fund industry and a relentless advocate for individual investors, in Don't Count on It, Bogle continues to inspire, while pushing the mutual fund industry to measure up to their promise.

Our Lady of Alice Bhatti - Mohammed Hanif
2012-05-29

From the author of the universally acclaimed debut novel *A Case of Exploding Mangoes*: a subversive, often shockingly funny new novel set in steaming Karachi, about second chances, thwarted ambitions, and love in the most unlikely places. The patients of the Sacred Heart Hospital for All Ailments need a miracle, and Alice Bhatti may be just what they're looking for. She's the new junior nurse, but that's the only thing ordinary about her. Her father is a part-time healer in the French Colony, Karachi's Christian slum--and it seems she has inherited his part-time gift. With a bit of begrudging but inspired improvisation, Alice brings succour to the patients lining the hospital's corridors. Yet, a Christian in an Islamic world, she is ensnared in the red tape of hospital bureaucracy, trapped by the caste system, and torn between her duty to her patients, her father, and her husband--an apprentice to the nefarious "Gentlemen's Squad" of the police, and about to plunge them both into a situation so dangerous that perhaps not even a miracle can save them. But, of course, Alice Bhatti is no ordinary nurse...

Born Standing Up - Steve Martin 2008-09-04
Steve Martin has been an international star for over thirty years. Here, for the first time, he

looks back to the beginning of his career and charmingly evokes the young man he once was. Born in Texas but raised in California, Steve was seduced early by the comedy shows that played on the radio when the family travelled back and forth to visit relatives. When Disneyland opened just a couple of miles away from home, an enchanted Steve was given his first chance to learn magic and entertain an audience. He describes how he noted the reaction to each joke in a ledger - 'big laugh' or 'quiet' - and assiduously studied the acts of colleagues, stealing jokes when needed. With superb detail, Steve recreates the world of small, dark clubs and the fear and exhilaration of standing in the spotlight. While a philosophy student at UCLA, he worked hard at local clubs honing his comedy and slowly attracting a following until he was picked up to write for TV. From here on, Steve Martin became an acclaimed comedian, packing out venues nationwide. One night, however, he noticed empty seats and realised he had 'reached the top of the rollercoaster'. **BORN STANDING UP** is a funny and riveting chronicle of how Steve Martin became the comedy genius we now know and is also a fascinating portrait of an era.

The Confession of Sultana Daku - Sujit Saraf
2010-01-18
7 July 1924. Sultana Daku, notorious leader of a

gang of bhantu dacoits that terrorized the towns and villages of the United Provinces, awaits Lt. Col. Samuel Pearce's arrival in Haldwani jail. It is Sultana's last night. In the morning he will be hanged. Wrapped in a haze of charas and nostalgia, the daku speaks all night as the Englishman listens. He recounts tales of incredible feats and narrow escapes, of the camaraderie he shared with his bhantu companions, of his love for the nautanki dancer Phulkanwar, and of the shocking betrayal that brought him to the gallows. But even as Pearce and the reader are drawn into Sultana's confession, the contradictions that emerge reveal the daku's own demons—his fears, superstitions and ruthless excesses—and an unshakeable belief in his criminal destiny that clashes all too often with his secret longings and hopes. Combining swashbuckling adventure with a moving story of human frailty and fortitude, *The Confession of Sultana Daku* is a grand narrative that is as mesmerizing as it is unsettling. Told with remarkable flair, passion and a rare sensitivity, it seals Sujit Saraf's reputation as a master storyteller.

God - Reza Aslan 2017-11-07

NEW YORK TIMES BESTSELLER • The bestselling author of *Zealot* and host of *Believer* explores humanity's quest to make sense of the divine in this concise and fascinating history of our understanding of God. In *Zealot*, Reza Aslan replaced the staid, well-worn portrayal of Jesus of Nazareth with a startling new image of the man in all his contradictions. In his new book, Aslan takes on a subject even more immense: God, writ large. In layered prose and with thoughtful, accessible scholarship, Aslan narrates the history of religion as a remarkably cohesive attempt to understand the divine by giving it human traits and emotions. According to Aslan, this innate desire to humanize God is hardwired in our brains, making it a central feature of nearly every religious tradition. As Aslan writes, "Whether we are aware of it or not, and regardless of whether we're believers or not, what the vast majority of us think about when we think about God is a divine version of ourselves." But this projection is not without consequences. We bestow upon God not just all that is good in human nature—our compassion, our thirst for justice—but all that is bad in it: our

greed, our bigotry, our penchant for violence. All these qualities inform our religions, cultures, and governments. More than just a history of our understanding of God, this book is an attempt to get to the root of this humanizing impulse in order to develop a more universal spirituality. Whether you believe in one God, many gods, or no god at all, *God: A Human History* will challenge the way you think about the divine and its role in our everyday lives. Praise for *God* "Timely, riveting, enlightening and necessary."—HuffPost "Tantalizing . . . Driven by [Reza] Aslan's grace and curiosity, *God* . . . helps us pan out from our troubled times, while asking us to consider a more expansive view of the divine in contemporary life."—The Seattle Times "A fascinating exploration of the interaction of our humanity and God."—Pittsburgh Post-Gazette "[Aslan's] slim, yet ambitious book [is] the story of how humans have created God with a capital G, and it's thoroughly mind-blowing."—Los Angeles Review of Books "Aslan is a born storyteller, and there is much to enjoy in this intelligent survey."—San Francisco Chronicle

In the Line of Fire - Pervez Musharraf
2008-09-04

It is almost unprecedented for a head of state to publish a memoir while still in office. But Pervez Musharraf is no ordinary head of state. As President of Pakistan since 1999, his is one of the most dangerous jobs in the world, and he continues to play a crucial role in the global war on terror. A one-time supporter of the Taliban, a general who fought in several wars, President Musharraf took a decisive turn against militant Islam in 2001. Since then he has survived two assassination attempts; rooted out militants in his own government; helped direct countless raids against al-Qaeda both in his cities and in the mountains; and tracked Osama bin Laden with technical and human intelligence. *IN THE LINE OF FIRE* is astonishingly revealing and honest about dozens of topics of intense interest to the world. Among its many revelations: exactly how Pakistani authorities tracked down and smashed three major al-Qaeda control centres in the mountains; how al-Qaeda's many-layered structure was revealed after the assassination attempts; Bin Laden's current position within the al-Qaeda hierarchy; what it

has been like to deal with Bush and Blair; how Pakistan and India have avoided nuclear confrontation; and much more. The terrible earthquake of 2005, killing nearly 40,000 Pakistanis, is just one chapter in a life and career that has been filled with danger and drama. The worldwide launch of President Musharraf's memoir promises to be a sensation. **Kill Chain** - Andrew Cockburn 2015-03-10 An essential and page-turning narrative on the history of drone warfare by the acclaimed author of *Rumsfeld*, exploring how this practice emerged, who made it happen, and the real consequences of targeted killing. Assassination by drone is a subject of deep and enduring fascination. Yet few understand how and why this has become our principal way of waging war. *Kill Chain* uncovers the real and extraordinary story; its origins in long-buried secret programs, the breakthroughs that made UAV operations possible, the ways in which the technology works and, despite official claims, does not work. Taking the reader inside the well-guarded world of national security, the book reveals the powerful interests - military, CIA and corporate - that have led the drive to kill individuals by remote control. Most importantly of all, the book describes what has really happened when the theories underpinning the strategy -- and the multi-billion dollar contracts they spawn -- have been put to the test. Drawing on sources deep in the military and intelligence establishments, Andrew Cockburn's *Kill Chain* unveils the true effects, as demonstrated by bloody experience, of assassination warfare, a revelation that readers will find surprising as well as shocking.

River of Fire - Qurratulain Hyder 2019-03-26

"Magisterial" (Pankaj Mishra, The New York Review of Books) and "to Urdu fiction what One Hundred Years of Solitude is to Hispanic literature" (TLS) The most important novel of twentieth-century Urdu fiction, Qurratulain Hyder's *River of Fire* encompasses the fates of four recurring characters over two and a half millennia. These characters become crisscrossed and strangely inseparable over different eras, forming and reforming their relationships in romance and war, in possession and dispossession. *River of Fire* interweaves parables, legends, dreams, diaries, and letters, forming a rich tapestry of history and human emotions and redefining Indian identity. But above all, it's a unique pleasure to read Hyder's singular prose style: "Lyrical and witty, occasionally idiosyncratic, it is always alluring and allusive: Flora Annie Steel and E. M. Forster encounter classical Urdu poets; Eliot and Virginia Woolf meet Faiz Ahmed Faiz" (The Times Literary Supplement).

It had been created by over 1000 kg of RDX. The hotel had not been attacked, it had been brutalized. Dead bodies and dismembered limbs, little pools of blood—it was a massacre. I had thought of myself as a hardened man who had seen violence and gristly sights—but what I saw that day left me shaken.' *Truth Always Prevails* is the memoir of one of Pakistan's most prominent businessmen, Sadruddin Hashwani, chairman of the internationally renowned Hashoo Group. From sleeping in the back of trucks in the cold deserts
